2-FOOT SNOW SOCKS NORTHEAST OHIO

Prelude to Winter Snarls Traffic Here; Slippery Roads Present Major Hazard

Traffic was slowed to a snail's pace here Friday morning as the snow, that started in earnest just about daylight, laid a white blanket over the countryside and made the roads slippery as it packed under traffic.

The outlook, however, was brightened, at least temporarily, when the snow stopped falling about mid-morning and a hesitant sun peeped through the clouds. Traffic loosened up some, too, after salt had been spread on the streets and highways.

But, there was little consolation in the weather forecast for continued cold and more snow.

At that, this community was much better off than a big area in northeastern Ohio and northwestern Pennsylvania, where cities were paralyzed and outlying communities isolated by snow up to two feet deep and seven-foot drifts.

ALTHOUGH law enforcement officers here were holding their breath, up to noon Friday only five accidents had been reported since the first light flurries Thanksgiving Day.

In only one of the five was anyone injured. Three of them occurred Friday morning and two Thursday about noon.

Despite the slippery streets, there were no reports of collisions in Washington C. H.

Mrs. Frances Mitchell, 33, Garrison, W. Va., was brought to Memorial Hospital in the Gerstner ambulance after the car driven by her husband, Hillard Mitchell, 38, had skidded off the Jamestown Pike, six miles north of Washington C. H., at about 10 a. m. Friday. Neither Mitchell nor their two small sons was hurt seriously, but Mrs. Mitchell was believed to have suffered a fracture of the left arm. The Mitchell told Sheriff Orland Hays they were on their way to visit relatives in Dayton.

A car driven by Mrs. Donald Rife, Route 1, Leesburg, was badly damaged about the front when it skidded into the bridge over Rattlesnake Creek on the Leesburg Pike. Mrs. Rife was not injured. State Highway Patrolman R. R. Sheline, who investigated the accident, said her car slid down the slight grade and into the south end of the bridge. The patrolman added that although he had investigated four or five reports of cars in ditches, there had been neither injuries nor damage in any of them.

JOHN SIMMONS, 51, Jeffersonville, was uninjured when his car went through a fence on the Fred Conner farm on the Jeffersonville Pike about six miles north of here at 11:30 a. m. Friday but his car was damaged, Deputy Sheriff Charles Hays reported.

The first of the Thanksgiving Day accidents occurred just before noon on Route 62, about a mile

south of Staunton, when a car driven by Wilbur E. Curtis, 38, of Bethel, hit a slick spot and slid off the road. It tore down a panel of fence on the Roush farm and hit a tree. The car was badly damaged.

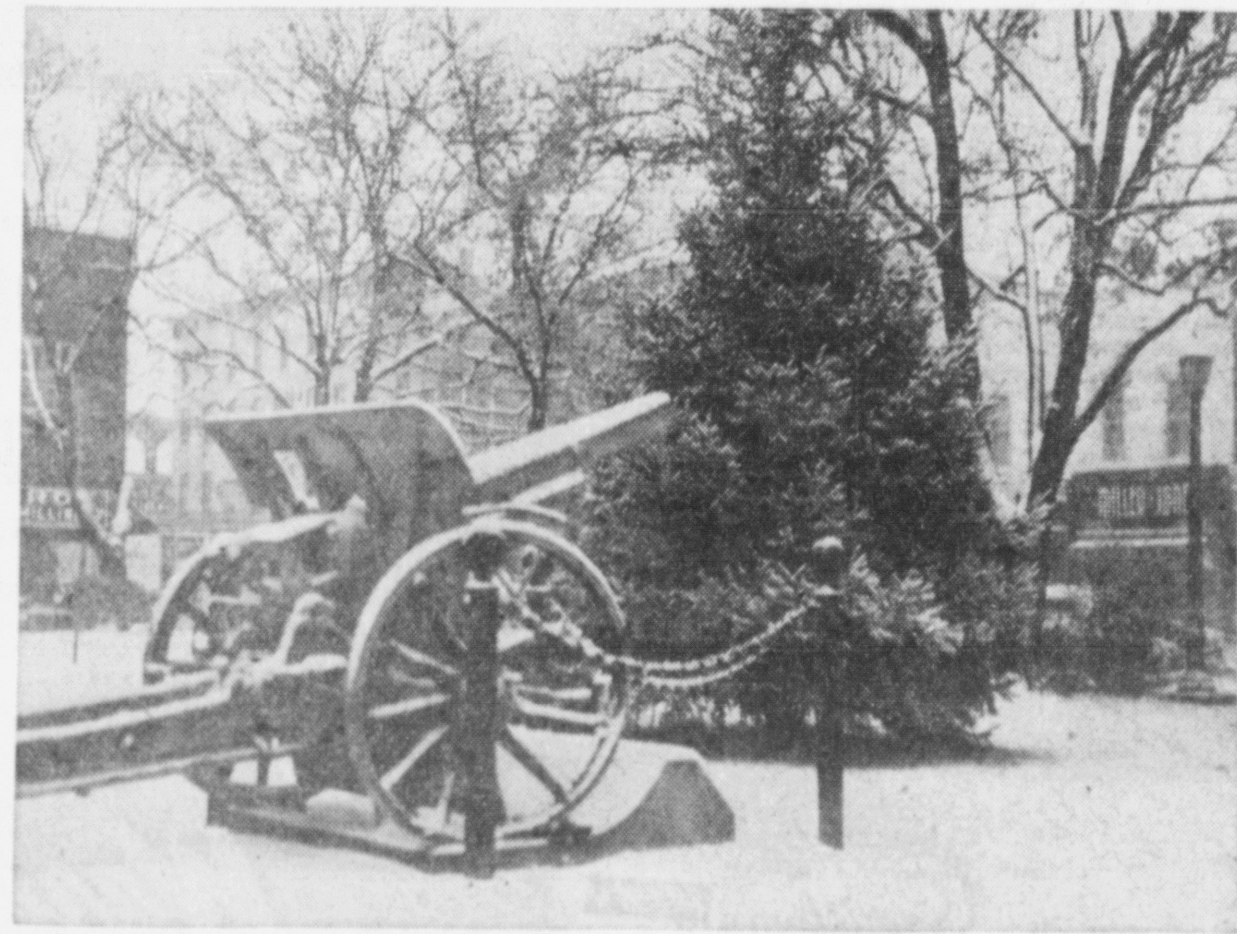

At a little after noon Thursday, a car driven by Ellis L. Smith, 19, Dayton, hit a slippery patch on the

Chillicothe Pike and left the road. It tore down about a rod of fence and broke off a post on the Lloyd Clark farm. The front of the car was crushed.

IT WAS JUST six years ago, almost to the day, that what has come to be known as the "big snow

of 1950" left this entire section of the country snowbound. Some rural sections were isolated for nearly a week and snow was piled high along the streets of Washington C. H. and the county's villages for most of the winter.

Snowbound travelers took refuge in farm homes and overflowed ho-

PREVIEW OF CHRISTMAS—Snow blanketed the cannon and Christmas tree on the Courthouse lawn Friday morning, and the quiet calm seemed to typify the spirit of the Yuletide season which is only a few weeks away.

Mortician Killed at Wreck Scene

VAN WERT — A 10-year-old Cleveland girl was fatally injured in an auto accident early today. A Van Wert mortician who went to the scene was electrocuted when he contacted "live" wires that fell when the car hit a power pole. Sharon Thomas died two hours after her father's car left U. S. 224 and skidded into the pole about 2 1/2 miles west of here, Sheriff Wilmer Clay said.

The mortician, David Alspach, 25, who sped to the accident scene in an ambulance, lay on the "live" wires a half hour before the power was shut off and his body claimed. Doctors in Van Wert County Hospital tried to massage his heart and bring him back to life, but to no avail.

The car's driver, Edward Thomas, 43, his wife, Thelma, and their two other children, Connie, 15, and Joe, 4 months, were injured and admitted to the hospital. Thomas suffered lacerations of the head. His wife received head injuries. Connie was reported in severe shock after both her lungs collapsed. The infant, Joe, suffered brain injuries. Both children were reported in fair condition.

Governor Studies 2 Death Penalties

COLUMBUS — Gov. Frank J. Lausche today conferred with members of his cabinet on the fate of two slayers scheduled for execution in the electric chair. They are Samuel W. Tannhill, 27, scheduled to die next Monday night, and Earl Sullivan, 33, scheduled to die Dec. 3.

Tannhill killed Shirley Bradford, a Fremont waitress, on May 2, 1955. Sullivan killed his wife, Valeria, in Utica near Newark Oct. 29, 1955. The governor customarily says whether he will intervene in executions a few hours before they take place in Ohio Penitentiary. Executions usually take place at 8 p. m.

At Least 68 Die In Train Mishap

BOMBAY — A passenger express train plunged from a flood-weakened embankment in South India today and seven hours later 68 bodies had been recovered.

Fifty persons were reported injured in the derailment 175 miles south of Madras. Railroad officials said at least six coaches and the engine had plunged into the river.

Grandmother, Dad Accused In Boy's Death

HUNTINGTON, W. Va. — Sheriff's deputies and volunteers continued the search for 2-year-old William Henry Beaver today while plans were made to file murder charges against his father and grandmother.

The youngster disappeared early Wednesday from the family's three-room frame home in the Charley Creek section, about 20 miles east of Huntington. His grandmother, Mrs. Virginia Lee Beaver, 64, had told authorities she clubbed him to death because he "got on my nerves," according to Deputy Sheriff Lawrence Qualls. He said the grandmother also has told several other stories including conflicting statements that "another person" did it, that her son, James—the missing boy's father—was responsible, and that her daughter-in-law, Mrs. Elizabeth Beaver, 18, seven months pregnant with her second child, did away with the boy.

Beaver, 24-year-old odd-jobs man, has told authorities the only thing he knows of his son's disappearance is that the grandmother announced to him and his wife that the boy had "walked off."

Lyons Case Near Action by Jury

CINCINNATI — Defense counsel in the first degree murder trial of Robert V. Lyons made his closing argument today in a "more confident" mood. "I'm sure I'll walk my man out of that courtroom a free man," William F. Hopkins, attorney for Lyons, said Thursday.

Prosecuting Atty. C. Watson Hoyer, asking for the death penalty in his summation, said merely, "I'm not worrying."

The case is expected to go to the jury of eight men and four women this afternoon.

Biting Winds Pile Drifts Up To 7 Feet High

Ashtabula, Conneaut, Erie Paralyzed by Thanksgiving Storm

By THE ASSOCIATED PRESS. A biting wind off Lake Erie blew a tumult of heavy wet snow over adjacent sections of three states Thursday and soaked in highway and air travel with drifts up to seven feet deep.

Like a buzz saw cutting a feather pillow, the freak storm, accompanied at times by lightning and thunder, dumped up to 26 inches of snow over northeastern Ohio, western Pennsylvania and western New York state.

And the weatherman said it was not over. His five-day forecast for Ohio:

Temperatures will average 5 to 8 degrees below normal; normal high 44 north to 49 south, normal low 30-32. Continued cold through Monday, warming Tuesday or Wednesday. Precipitation will average one-tenth to two-tenths inch except up to 3/4 inch near Lake Erie. Frequent snow flurries occasionally heavy near Lake Erie. Chance of light snow or snow flurries Sunday or Monday.

The snow has virtually paralyzed Erie, Pa., a city of 130,000, where hundreds of highway crewmen are fighting to reopen roads and streets. Practically all industries in Erie, including General Electric which employs 10,000, were shut down.

AROUND TWO feet of snow fell in Ashtabula and Conneaut, Ohio. They, too, were snowbound, as well as many smaller towns and villages in the storm area.

"I've seen it as bad, but this one is one of the bad ones," said Ashtabula County Deputy Sheriff C. H. Blanche, who has lived in the area since 1911.

There were no reports of death or injury, but hundreds of motorists were stranded. Many were taken into private homes, and some slept in fire stations or other temporary shelters.

U. S. 20, the main east-west highway, was blocked in several places in Ashtabula County, and only a trickle of traffic was braving the treacherous highway in Lake County.

Downtown Cleveland streets were practically clear of snow until 4 a. m. today when it began snowing heavily. An hour later the snow was ankle deep and promised to snarl traffic. Te

Portsmouth Phone Petition Accepted

COLUMBUS — Petitions bearing more than 20,000 signatures of persons wanting another telephone company to serve the Portsmouth area became a formal case today before the Public Utilities Commission of Ohio.

The petitions were forwarded to the commission Nov. 9 by Portsmouth City Council which asked the commission to make whatever use of them it saw fit.

British in Cyprus Tighten Penalties

NICOSIA, Cyprus — The British government of Cyprus has made the death penalty mandatory for more offenses to meet the new upsurge in killings by the pro-Greek "Toka underground."

Thirty-two persons have been killed in November, more than double the number in any previous month since rebels seeking union of Cyprus with Greece opened their offensive.

Seattle Buses Stop

SEATTLE — Fifteen hundred Seattle transit system employees, backing demands for an 18-cent hourly pay boost, walked off their jobs this morning, leaving 60,000 people without rides.

New Cars Slashed

LOS ANGELES — Police are seeking vandals who scratched paint, dented metal work and slashed upholstery on 46 new cars displayed at the Los Angeles auto show. Damage to the cars was estimated at \$50,000.

Refugee Gives Grim Report On Red Attacks in Hungary

CAMP KILMER, N. J. — A second "freedom flight" today brought 75 more Hungarian refugees to America, including an eyewitness to last month's Budapest bloodbath.

Less than two hours after a Transamerican DC4 landed at McGuire air force base, a one-time postal inspector said that the Oct. 23 revolt began as a peaceful student demonstration and was turned into a mass slaying by secret police and Russian tanks.

Speaking through an interpreter for himself and several others aboard the plane, the inspector, who declined to give his name,

said at least 400 men, women and children were mowed down by the tank cannon in the main square of Budapest on Oct. 24. Several died at his feet, he added.

Before talking to newsmen, the 40-year-old inspector and the other passengers ate their first meal on American soil — oranges, scrambled eggs, bacon, toast, marmalade, hot chocolate and milk.

AFTER A FAST medical check-up and a speedy trip through customs they went to catch a few hours sleep before their processing by welfare agencies began.

Their plane landed at McGuire in the middle of a cold night and they immediately boarded buses for Kilmer.

The group as a whole looked young with most of the adults in their 20s, and 30s. The oldest man aboard was James Sceneri, 57. They were reasonably well dressed with many of the women wearing slacks and leather boots.

A man carrying a sleeping child was the first passenger off the four-engine ship which had bucked headwinds in its 35-hour flight from Vienna.

The 35 men, 25 women and 11 children all looked weary and sleepy. WACs held four bundled infants in their arms.

Only a few newsmen were on hand in contrast to the hundreds of press representatives who jammed the airfield Wednesday when the first plane carrying 60 escapees from Communist tyranny landed.

BRIG. GEN. Sidney C. Wooten, commander of Camp Kilmer, greeted the newcomers. A group of Camden citizens, who had waited half the night, presented toys to the children as they boarded the buses.

Two more plane loads of refugees, each with 74 persons aboard, are due at McGuire later today.

A fourth plane flew straight to Milwaukee, also with 74 aboard. A cheering crowd of several hundred persons braved 9-degree temperatures and icy winds to welcome the refugees.

Many in the welcoming crowd wore red, white and green arm bands of free Hungary.

The four-engine transport left Vienna Wednesday with 40 refugees who fled from revolt-stricken

Locomotive Rams 5-Ton Boulder

PHOENIXVILLE, Pa. — A Reading Co. passenger train rammed into a 5-ton boulder today inside the line's Phoenixville tunnel. The train went on with a damaged engine after workers removed the rock.

The train was en route from Philadelphia to Reading. The company said the boulder apparently was jarred from the tunnel roof by frequent vibration. Another train went through the tunnel 45 minutes before the crash.

Budapest Says Workers OK Partial Accord in Revolt

VIENNA, Austria — The government-controlled Budapest radio claimed today that the Budapest Workers' Council had called off its strike after "partial agreement" with the government of Soviet-backed Premier Janos Kadar.

The council called the strike Wednesday when Russian troops and Hungarian police kept it from meeting in a Budapest hall.

The strike call had little effect on the labor situation since a majority of Hungarian workers already were on strike. They are making a last-ditch effort to win concessions from the government in the face of Soviet guns and food and fuel shortages.

The effect of the new back-to-work call remained to be seen.

The "partial agreement" mentioned in the broadcast listed none of the strikers' main demands. These include withdrawal of the Russian troops and the return to power of Imre Nagy, a "nationalist" Communist who became premier briefly after the bloody anti-Soviet revolt erupted.

ONCE BEFORE the workers' leaders called off the original strike. The workers switched to a sitdown maneuver. Budapest radio said the government had acknowledged the workers' council as a "corporated

body" for negotiating purposes. Kadar also promised to suggest to his cabinet that the workers elect factory directors "from a number of aspirants."

In Belgrade today, the Yugoslavia protested to Hungary that Nagy and his associates who left the Yugoslav Embassy in Budapest Thursday under guarantees of safety have not returned to their homes. The Yugoslav announcement said nothing about their fate but the protest indicates Yugoslavia fears they are under arrest.

Nagy is the moderate "independent" Communist leader whose brief premiership during early stages of the Hungarian revolution was ended by Soviet guns. He and his associates took refuge in the Yugoslav Embassy in an effort to avoid arrest.

Dobrovoje Vidic, Yugoslav under-secretary for foreign affairs, called in the Hungarian charge d'affaires this morning and told him the Nagy party, which left asylum in the Yugoslav Embassy in Budapest voluntarily under an agreement that none of them would be persecuted, were not in their homes.

Vidic declared if they did not return this would be "a flagrant violation of the existing good relations between Yugoslavia and Hungary and a violation of international laws."

Hungary. It took on 34 additional refugees at Munich, Germany.

The refugees are among several thousand to be resettled in the United States before the end of the year under White House orders.

Ferenc Szucs, a 20-year-old electrician from Ujpest, told after his first American Thanksgiving dinner how Russian troops "used dum-dum bullets that tore people apart" to suppress the Hungarian uprisings.

"In the face of such weapons we could not possibly win the revolution," he said, adding:

"We had hoped for aid from the outside world."

Taft-Hartley Law Is Used In Dock Strike

WASHINGTON — A presidential inquiry board raced today to finish a report on the East-Gulf Coast waterfront strike so the government can apply before the weekend for a court injunction to end the walkout.

The board operated in high gear under the national emergency provisions of the Taft-Hartley law, invoked by President Eisenhower in a Thanksgiving Day executive order.

The strike, in its eighth day, has idled 60,000 longshoremen along the Atlantic and Gulf Coasts and tied up an estimated 200 ships to cripple ocean trade. The White House said the stoppage was serious and had "repercussions far beyond the maritime industry."

Under the national emergency provisions — the government's toughest anti-strike weapon — the three-man inquiry board named by the President must file its fact-finding report with the White House before the Justice Department can move for an 80-day back-to-work court order.

THE STRIKING International Longshoremen's Assn. said in advance it will obey such an injunction when issued. This seemed to insure resumption of port activity next week.

It was indicated that if the inquiry board files its report soon enough today Eisenhower will probably order the Justice Department to move into court for the injunction right away. Otherwise, the court move would come Saturday, probably in New York Federal District Court.

Once an 80-day court order stops the strike, the employers and the ILA are required under the law to continue trying to settle their contract dispute.

It was the third time Eisenhower has invoked the T-H law's national emergency provision. It had been invoked 10 times under former President Harry Truman.

In October, 1953 Eisenhower invoked the emergency provisions against the same union to stop a similar east coast dock workers' walkout. But the workers, after the 80-day injunction ran out, struck again.

A settlement, however, closely followed the renewed strike. The other occasion in which Eisenhower invoked the T-H law's emergency provisions was in August, 1954, to stop a walkout of atomic workers at Oak Ridge, Tenn., and Paducah, Ky.

Under Truman's administration the emergency provisions were invoked seven times in 1948, twice in coal strikes, twice in maritime strikes, and once each in atomic, telephone and meat packing strikes. Truman invoked the provisions again in a coal strike in 1950, in a copper workers strike in 1951 and in a steel workers strike in 1952.

10 Killed in Ohio Over Thanksgiving

COLUMBUS — Ten persons died accidentally in Ohio during the chilly Thanksgiving holiday — eight on the state's icy highways.

Two others drowned in the Ohio River near Marietta when their small boat capsized.

Pilgrim Afoul Law

PONTIAC, Mich. — A Pilgrim ran afoul of the law here on Thanksgiving Day. Harold Pilgrim, 26, of Pontiac was fined \$21 for driving without a license.

U. S. Publisher Banned by Slavs

WASHINGTON — Publisher William Randolph Hearst Jr., traveling abroad as a representative of a U. S. Senate committee, has been denied entry into Yugoslavia.

A spokesman for the Yugoslav embassy said the foreign ministry in Belgrade had refused to grant a visa to Hearst. The spokesman said he did not know the reason. The State Department declined to comment.

In New York, a spokesman for Hearst said he assumed the refusal "is predicated on Hearst's published opposition to releasing 384 jet planes for the Yugoslav Air Force."

Hearst is one of a number of private citizens investigating foreign aid programs overseas on behalf of a special Senate committee studying foreign aid problems.

Ezio Pinza Plans To Stop Singing

STAMFORD, Conn. — Ezio Pinza, he of the mellow voice, says he doesn't intend to sing anymore. The 64-year-old opera star who switched to such musicals as "South Pacific" and "Fanny," just wants to act.

Pinza suffered a heart attack in Italy in August, but said it did not influence his decision. "I have sung for 37 years, from 1919 to 1956, a long time," Pinza said. "My plan now is to get well. My doctor says I am ready for light work."

The 35 men, 25 women and 11 children all looked weary and sleepy. WACs held four bundled infants in their arms.

Only a few newsmen were on hand in contrast to the hundreds of press representatives who jammed the airfield Wednesday when the first plane carrying 60 escapees from Communist tyranny landed.

BRIG. GEN. Sidney C. Wooten, commander of Camp Kilmer, greeted the newcomers. A group of Camden citizens, who had waited half the night, presented toys to the children as they boarded the buses.

Two more plane loads of refugees, each with 74 persons aboard, are due at McGuire later today.

A fourth plane flew straight to Milwaukee, also with 74 aboard. A cheering crowd of several hundred persons braved 9-degree temperature and icy winds to welcome the refugees.

Many in the welcoming crowd wore red, white and green arm bands of free Hungary.

The four-engine transport left Vienna Wednesday with 40 refugees who fled from revolt-stricken

### Locomotive Rams 5-Ton Boulder

PHOENIXVILLE, Pa. — A Reading Co. passenger train rammed into a 5-ton boulder today inside the line's Phoenixville tunnel. The train went on with a damaged engine after workers removed the rock.

The train was en route from Philadelphia to Reading. The company said the boulder apparently was jarred from the tunnel roof by frequent vibration. Another train went through the tunnel 45 minutes before the crash.

### Budapest Says Workers OK Partial Accord in Revolt

VIENNA, Austria — The government-controlled Budapest radio claimed today that the Budapest Workers' Council had called off its strike after "partial agreement" with the government of Soviet-backed Premier Janos Kadar.

The council called the strike Wednesday when Russian troops and Hungarian police kept it from meeting in a Budapest hall.

The strike had little effect on the labor situation since a majority of Hungarian workers already were on strike. They are making a last-ditch effort to win concessions from the government in the face of Soviet guns and food and fuel shortages.

The effect of the new back-to-work call remained to be seen.

The "partial agreement" mentioned in the broadcast listed none of the strikers' main demands. These include withdrawal of the Russian troops and the return to power of Imre Nagy, a "nationalist" Communist who became premier briefly after the bloody anti-Soviet revolt erupted.

ONCE BEFORE the workers' leaders called off the original strike. The workers switched to a sitdown maneuver. Budapest radio said the government had acknowledged the workers' council as a "corporated

Hungary. It took on 34 additional refugees at Munich, Germany.

The refugees are among several thousand to be resettled in the United States before the end of the year under White House orders.

Ferenc Szucs, a 20-year-old electrician from Ujpest, told after his first American Thanksgiving dinner how Russian troops "used dum-dum bullets that tore people apart" to suppress the Hungarian uprisings.

"In the face of such weapons we could not possibly win the revolution," he said, adding: "We had hoped for aid from the outside world."

### Taft-Hartley Law Is Used In Dock Strike

WASHINGTON — A presidential inquiry board raced today to finish a report on the East-Gulf Coast waterfront strike so the government can apply before the weekend for a court injunction to end the walkout.

The board operated in high gear under the national emergency provisions of the Taft-Hartley law, invoked by President Eisenhower in a Thanksgiving Day executive order.

The strike, in its eighth day, has idled 60,000 longshoremen along the Atlantic and Gulf Coasts and tied up an estimated 200 ships to cripple ocean trade. The White House said the stoppage was serious and had "repercussions far beyond the maritime industry."

Under the national emergency provisions — the government's toughest anti-strike weapon — the three-man inquiry board named by the President must file its fact-finding report with the White House before the Justice Department can move for an 80-day back-to-work court order.

THE STRIKING International Longshoremen's Assn. said in advance it will obey such an injunction when issued. This seemed to insure resumption of port activity next week.

It was indicated that if the inquiry board files its report soon enough today Eisenhower will probably order the Justice Department to move into court for the injunction right away. Otherwise, the court move would come Saturday, probably in New York Federal District Court.

Once an 80-day court order stops the strike, the employers and the I.L.A. are required under the law to continue trying to settle their contract dispute.

It was the third time Eisenhower has invoked the T-H law's national emergency provision. It had been invoked 10 times under former President Harry Truman.

In October, 1953 Eisenhower invoked the emergency provisions against the same union to stop a similar east coast dock workers walkout. But the workers, after the 80-day injunction ran out, struck again.

A settlement, however, closely followed the renewed strike.

The other occasion in which Eisenhower invoked the T-H law's emergency provisions was in August, 1954, to stop a walkout of atomic workers at Oak Ridge, Tenn., and Paducah, Ky.

Under Truman's administration the emergency provisions were invoked seven times in 1948, twice in coal strikes, twice in maritime strikes, and once each in atomic, telephone and meat packing strikes. Truman invoked the provisions again in a coal strike in 1950, in a copper workers strike in 1951 and in a steel workers strike in 1952.

## Pay Boosts Okd for U. S. Rail Workers

CHICAGO (AP)—Nearly 11 months of negotiations climaxed by a marathon 72-hour session attended by government mediators has resulted in an agreement calling for pay increases for some 50,000 operating employees on the nation's railroads.

The new pact between the Brotherhood of Locomotive Firemen and Enginemen and the railroads was announced by the National Railway Mediation Board.

The agreement calls for immediate wage increases ranging from 10 to 16 cents an hour, a 7-cent an hour pay hike Nov. 1, 1957 and another 7-cent hourly boost Nov. 1, 1958. The raises were interpreted as "the equivalent of 26 2/3 cents an hour over a three-year period," in the mediation board announcement.

The operating railroads, those directly employed in running trains, originally asked for a \$3 a day pay boost.

Included in the pact was a cost-of-living escalator clause which will increase or decrease wage rates one cent an hour for each half-point change in the Bureau of Labor Statistics' consumer price index.

A moratorium will be in effect providing no other wage increases except those agreed upon, until Nov. 1, 1959.

Before the agreement, firemen received \$15.63 a day for yard work to \$20.28 a day for work on through trains.

## Highways Slippery

(Continued from Page One)  
tels here into private homes on the day of the "big snow." Thousands were caught at the Ohio State-Michigan football game in Columbus. Many of the local residents at the game either remained in Columbus or took trains, all running late, back home.

That "big snow" started out just like the one Friday, light at first and then getting heavier steadily as winds piled drifts high enough to paralyze the entire community.

But, while memories of that day were still fresh, Friday's snow set the stage for the opening of the Christmas shopping season here Saturday.

SANTA CLAUS is scheduled to arrive by helicopter at 10 a. m. and greet the youngsters in block-off Main St. between Court and Market Sts. From a flatbed wagon there, he is to talk with the children and distribute candy.

Meanwhile, John Lauffer and his crew were eyeing the snow with displeasure and cold hands and faces as they faced the task of sgringing the lights on the big evergreen tree on the Courthouse lawn and over the streets in the business section.

Members of the Fayette Garden Club were not too happy either as they looked out on the blustery day. They were to set up and decorate the Nativity scene on the Courthouse lawn. The stable and figures, which had been taken there by the Jaycees last weekend, was scattered by high winds two days later.

CARS AND TRUCKS were slithering around on the streets of the city and on rural highways and byways during the early part of Friday morning until salt was spread over the driving surfaces. By mid morning, driving was much better, but warnings were issued that the streets and roads were still hazardous. Worst were those county roads that did not get the salt treatment.

Clyde Smith, superintendent of the city street maintenance crew, estimated that five of six tons of salt would be spread by the time all the major streets in Washington, C. H. and the principal intersections and railroad crossings had been treated.

Dave Hillery, superintendent of the state Highway Department depot here, estimated that it would take around 35 tons of salt to get the job done on the main highways. The highways were treated, he said, in this order: CCC east; CCC west; Route 22 east (toward New Holland); Route 35 north (toward Dayton); Route 35 south (toward Chillicothe); Route 62 south (toward Hillsboro) and Route 70 (toward Jeffersonville). Other main traveled roads, he said, were to be treated as rapidly as the salt spreaders could get to them and as conditions warranted.

The American Music Conference says that there are 1,600,000 players of the ukulele in the United States. The harmonica has 400,000 devotees.

## Trailer Parks OKd On Electric Sales

COLUMBUS (AP)—Two members of the Public Utilities Commission of Ohio today ruled the owner of a trailer park can re-sell electricity to tenants.

The third member of the commission disagreed, saying that if a trailer park tenant is overcharged he cannot complain to PUCO.

Commission Chairman Robert L. Moulton and member Edward J. Kenealy signed the majority order which was opposed by member Ralph Winter.

Under Ohio law the commission can regulate charges by utilities, but not those made by landlords to tenants.

## Columbus Police Seek Pay Boost

COLUMBUS (AP)—A spokesman for the Columbus police department says the department will carry its demands for pay raises to the public if city officials fail to grant them.

The department is asking a starting salary for patrolmen of \$433 a month with automatic increases reaching \$527 after five years service. Pay for higher ranking officers would be on the same scale.

Starting patrolmen now receive \$338 a month. A five-year man can make as much as \$412 a month.

## 2-Foot of Snow

(Continued from Page One)  
snow got deeper in the city's eastern suburbs.

Chardon, only 11 miles south of Finesville, got only two inches of snow. But Jefferson, 12 miles south of Ashtabula, had 14 inches. Painesville had a foot.

The Cleveland weather bureau said it was the same kind of storm that dumped 22 inches of snow on Cleveland on Thanksgiving, 1950.

"We tend to get our heavy snows in November because the lake is still warm," said a weather bureau spokesman. "It's the effect of cold air pushing down over the lakes. When it gets to the cold shoreline it dumps the snow."

CONNEAUT city crews fought a losing battle trying to keep the streets open Thursday. Two city snow plows started working soon after the snow started in the early morning, and by night both had broken down. All streets were almost impassable and all roads out of town were closed. One police car succeeded in getting several emergency cases to the hospital, but it got stuck several times.

A brisk wind whipped snow into five foot drifts in Ashtabula.

"It's one of the old fashioned snow storms," said Ed Garley, state highway patrol dispatcher at the Ashtabula station. "It's really bad. We're snowbound."

Hundreds of travelers and hunters were marooned as winds up to 35 m.p.h. plugged highways with deep drifts and whipped the snow into zero visibility which closed Erie's airport.

Lighter falls of snow with similar bitter winds and cold ranged throughout the Great Lakes and Ohio Valley regions, the central Mississippi Valley and the eastern part of the Great Plains. Flurries continued today.

Well to the east of the snowstorm area, Boston had a different sort of a freak Thanksgiving Day storm. A violent rainstorm knocked out utility service in 45,000 homes, toppled chimneys and broke down trees. Damage from gusts ranging up to 62 m. p. h. was estimated in the millions.

# Rey and Gomez To Open Concert Season Tonight

DANCERS REY AND GOMEZ

The tenth anniversary season of the Washington C. H. Community Concert Assn. will open at 8:15 p. m. Friday when Frederico Rey and Pilar Gomez dance onto the stage of the Washington High School auditorium.

Ranking among the foremost modern Spanish dancers, Rey and Gomez are billed as supreme entertainers in a popular field. Their annual concert tours in the United States usually are sold out. The local concert association engaged them several months ago in order to be sure that they could appear on the series here.

The two dancers regularly are featured in the smartest supper clubs and the largest hotel entertainment spots, and have heavily booked tours to England, France, Italy and Belgium.

MANY of their costumes are originals obtained from the people who taught them the dances. Others are authentic reproductions designed by Rey, a noted stage and costume designer.

Rey is a native of the Basque country of France. He studies in Spain at the academies of Madrid and Seville, and after touring Europe came to America to become the dance partner for three years of another great Spanish dancer, La Argentina.

After his military service in the U. S. armed forces, he toured with his own company "Rhythms of Spain" and later teamed with Miss Gomez to form the present brilliant dance duo.

PILAR GOMEZ trained in her native Mexico City and finally became the prima ballerina of the Mexican National Opera as well as its choreographer. For three seasons beginning in 1944, she was solo dancer and choreographer for the New York City Opera. Pianist Silvio Masciarelli provides the accompaniment for the dancers as well as presenting his own solo work. He was born in Buenos Aires.

## Round about Fayette County

B. E. KELLEY

"Song has always been my greatest enjoyment in life," says Loren E. Wilson, 618 S. Fayette St., former Chautauqua and Lyceum entertainer, director of music in the Washington C. H. and Canton public schools, and director of Grace Methodist Church Choir for six years.

Wilson came by his singing ability naturally. He possesses a rich tenor voice, inherited from his mother, who was of Welsh descent.

His first public appearance was in the first grade at the Jeffersonville School. He and his brother, Omar, sang duets even before they started to school.

He organized the "Kid Quartet" while attending school at Jeffersonville, and the youngsters sang on school, church and many other programs. The members of the "Kid Quartet" included Loren, Ruth Ladd, soprano, Hazel Purcell, alto, and Omar Wilson, bass. Reba Reese was accompanist.

While employed at the Willys Overland Auto Co. plant in Toledo, he became tenor soloist at the First Congregational Church, his first paid job as a singer.

Going from Toledo to Cincinnati Conservatory of Music, he became

tenor soloist at Grace Avondale Episcopal Church, and upon leaving Cincinnati he joined the "Meistersingers Male Quartet," and travelled throughout all states east of the Rockies, appearing at Chautauquas in the summer months and on Lyceum circuits the remainder of the years.

Later he was a member of the "Warwick Male Quartet," and still later he and his brother, Omar, organized a mixed group known as the Wilson Concert Party, which toured the country.

He has also served as soloist in churches in Columbus, Bexley, Canton, Des Moines, Iowa and Boston, Mass.

While filling Chautauqua and Lyceum engagements he met many of the notable entertainers and educators of the day, including Dr. Russell H. Conwell whose "Acres of Diamonds" lecture made him

famous; LaFayette Young, editor of the "Des Moines Capital;" Rev. Newell Dwight Hillis, Strickland Gilliland and Dr. Glenn Frank. In 1918 he came through Washington C. H. and appeared on the Chautauqua program the same day Irwin S. Cobb spoke here.

After retiring professionally and returning here to be with his parents, Mr. and Mrs. M. E. Wilson, during their declining years, he was director of Grace Church Choir for six years and each year presented "The Messiah."

Due to poor health he retired musically several years ago. "And how I do miss it," he declares.

### SHALLOW ARTESIAN WELL

Probably the shallowest artesian well in this community is located on the Mr. and Mrs. Ervin P. Miller premises on the Prairie Rd., where water was struck at 65 feet.

It gushed forth above the ground, and has been flowing apparently in undiminished force since it was drilled last spring.

Tests indicate that the water would flow from the top of the well if the pipes were raised 48 inches above the ground level.

The well furnishes water for the Miller's thousands of white turkeys. Some time ago 2,000 gallons of water was pumped from it into a tank, and within five minutes it was overflowing once more. It is within a few rods of Paint Creek.

### BIBLE TEACHER 54 YEARS

J. Franklin Patton, of Jeffersonville, has been a Bible teacher in the Church of Christ for 54 years. Soon he will conduct a Bible School at the Christian Church in Winchester, for eight nights, Jan. 6 to 14, inclusive.

Patton's teachings have taken him into many churches in many states, so that his reputation as a teacher is by no means local.

Ever since he was a boy he has studied the Bible and is regarded as one of the best Bible students in the community.

Not only has he taught the Bible

but he has written a number of brochures on religious subjects, which have attracted much attention and were given wide distribution.

These have been written over a period of some 15 years, and include:

## An Official Who Points Way To More Safety

Most public officials across out nation appear to assume an attitude of helplessness in seeking to prevent traffic wrecks which kill more than a thousand people a year in Ohio alone.

There are others more outspoken who assert that the solution is comparatively simple — "Cut down the speed".

The experts say that the chance of being killed in an automobile wreck while traveling at 65 miles per hour, is twice as great as at 55. Most of them insist that "if you bring down speed you bring down the death rate".

It is pointed out by Gov. Abraham Ribicoff of Connecticut—who seems to be "a doer" rather than "a talker"—began many months ago to slow down traffic to a maximum of 55 mph in his state.

He ordered his patrol to enforce the law; to suspend for 30 days the licenses of people convicted of speeding the first time; to take away driving permits of second offenders for 60 days; to revoke third offenders indefinitely.

To guarantee enforcement of the regulations, Ribicoff announced a "no fix" policy. No amount of influence can reinstate a suspended license before the end of the suspension.

The regulations have not enhanced Gov. Ribicoff's popularity in his home state. He

has been called everything from hard-hearted to a dictator. However during the first half of this year, highway deaths in Connecticut were down 15 per cent compared to the same period last year, despite 62,000 more vehicles on the road. During the same period, national fatalities went up 10 per cent, giving Connecticut a real decrease of 25 per cent.

In a way, Connecticut is like a bridge for traffic flowing into and away from New York. Since the Ribicoff edict, drivers slow down to 55 on reaching the state line. Traffic moves smoothly and unhurriedly, carrying most people to their destinations faster than when a few motorists were panicking other drivers with their reckless speeding.

The Ribicoff measures produced results. With modifications, they would work in Ohio.

Certainly, some of this state's traffic legislation would have to be rewritten before effective enforcement could become a reality.

Connecticut has blazed the trail. It has shown that fair laws and strict enforcement are the answers.

Connecticut has proved one incontestable fact, valid for Ohio and all other states. People who won't slow down to save their lives will slow down to save their drivers' licenses.

## Jazz Music Sees Comeback

By Hal Boyle

NEW YORK (AP)—Right at the peak of the rock 'n' roll madness, a less barbarous form of music is enjoying new renown. They used to call it jazz.

If anybody thought the rowdy strains of rock 'n' roll would doom jazz to the musical graveyard, they low-rated the vitality of the Dixieland school of horn tooters and their robust disciples.

By the sacred trumpet of the legendary Bix Beiderbecke ("He just put that horn to his lips, man, and blew himself straight up to heaven"), jazz is entering a new golden age.

Just 30 years ago jazz was regarded as the juvenile delinquent of the musical world. Today it is the darling of the intellectuals; it is accepted as an art form; it is taught in colleges.

A jazz band led by Dizzy Gillespie even went abroad, with the blessing of the U. S. State Department, to toot for the American

erican way of life. Jazz is doing well, too, in the realm of the big dollar. Its practitioners are in top demand. Old jazz records are high-priced collectors' items, and some 85 companies turn out a total of more than 1,000 new platters each year.

A leading historian of the field, Leonard Feather, has just compiled "The Encyclopedia Yearbook of Jazz," which is a fine prose pudding full of rich plums for fans who like to argue the merits of Count Basie versus Duke Ellington.

Personally, like many other tone-deaf musical illiterates, I thought that rock 'n' roll music was a form of jazz—a sort of retarded stepchild.

While admitting there is a fringe area where it is hard to draw a line between the two, Feather prefers to point out that the best jazz is closer to classical music.

"Rock 'n' roll not only is very rarely jazz; it is very rarely music. Its present popularity is a passing fad about which the parents of America need hardly concern themselves," he said. Feather sees as one of the few justifications of the f.d the hope that "from its less frenetic supporters an occasional jazz fan may grow."

Rock 'n' roll seems to have a firm grip on millions of high school students. Who, then, are America's jazz fans? Surprisingly, only a few are oldtimers nostalgic for the roaring 20s and the threadbare 30s.

A poll by Feather showed that about half were of college age, only 6.4 per cent were over 30.

As one staid collegiate jazz scholar put it: "I wouldn't be caught dead at a rock 'n' roll concert unless I was doing research for a paper on mass hysteria." Anybody for Mozart?

## U. N. Center of Intrigue?

By George Sokolsky

NATO is an alliance among nations, the principals of which are Great Britain, France and the United States. That alliance is now very sick and may die because of the Middle East fiasco.

The blame is not easily fixed, although the tendency in Europe will be to blame the United States and in India to praise Eisenhower for it.

The official American view is that Great Britain and France never notified the United States that they intended to start a police or any other action against the Soviet puppet, Nasser. If it is true that the United States never knew anything about the action of Israel or the action of the Soviet half-billion dollar build-up of arms in Arabian countries, then there is something very wrong with American intelligence and both the State Department and the CIA need to explain how it happens that they can neither see nor hear what is going on in areas which they are supposed to be watching punctiliously.

On the other hand, both Great Britain and France recognize that they have been let down by the United States. To them NATO is a one-way street which exists only to serve American interest and but sometimes follows a blind, doctrinaire pacifism which causes it to be so afraid of war that its timidity could bring on a war.

At any rate, American support of Nasser against Great Britain, France and Israel has been as astonishing as it would have been if the Roosevelt administration had supported Hitler against Western Europe.

At any rate, it is not to be expected that the British or French people will ever understand why the United States should favor a Soviet puppet against its closest allies—and nobody does understand it, including most Americans, who feel that they have not been kept informed by their government.

The word, support, may sound strong, but it is difficult to find a softer yet equally accurate word. For what American action has actually achieved is that Nas-

ser's position has become consolidated while NATO has been weakened practically beyond redemption; the United Nations was given an opportunity to display a moral cowardice vis-a-vis Soviet Russia which will not be forgotten by that country, particularly after it had engaged in a blood bath in Hungary without censure, correction or reprisal. The United Nations has been petulant about Egypt and craven about Hungary. It is impossible to respect a craven body.

The countries in the United Nations which abstained from voting for or against the United Nations resolution ordering Soviet Russia out of Hungary are: Afghanistan, Burma, Ceylon, Egypt, Finland, India, Indonesia, Iraq, Jordan, Libya, Nepal, Saudi Arabia, Syria, Yemen and Yugoslavia. These names need to be remembered.

Had they voted in favor of Soviet Russia, it might have been assumed that they were forced to take a stand because of some treaty or partnership with the Russians.

But they abstained. They were afraid to vote for or against. They were afraid to be identified on a moral issue. They were craven, cowardly and in fear. Is

the peace of the world to depend upon such countries?

What it amounts to is that the United Nations is not maintaining the peace of the world. It has become a center of intrigue, a dangerous Tower of Babel which runs interference but achieves no positive results.

It will be said that the United Nations Organization delayed war in the Middle East; it will not be said by anybody that the United Nations Organization delayed or impeded murder in Hungary. And several years from now when the world still has to deal with the barbarous dictator of the Arab world, the man who believes in militarism as a faith and says so, what will the United Nations be able to say in its defense then?

It will be too late, as it was too late about Hitler in 1939 and too late about Stalin in 1945.

Why is it that the West is always too late? Why is it that the West did not know that Soviet Russia was establishing a military base in the Sinai Peninsula? What do our representatives do in the countries to which they are accredited? Do they do anything?

Tuberculosis Victim Has Hopeful Outlook

By HERMAN N. BUNDESEN

More persons are being treated for tuberculosis today than ever before. It's a good thing. It is because we are treating them that the TB death rate is now relatively low compared with what it once was.

Medical advances have slashed the tuberculosis death toll by 95 per cent since 1900—nearly 75 per cent in the last 10 years. There are now about 10 deaths per 100,000 population. That's about 1 percent.

### Big Reduction

We were able to reduce the number of tuberculosis hospital beds by 3,215 between 1954 and June, 1956.

While there are many drugs which have helped put this once dreaded villain in its proper place, there are three which have been in the forefront of the fight—isoniazid, streptomycin, and para-aminosalicylic acid, called PAS. Frequently they are used in conjunction.

These drugs do not kill all the tubercle bacilli in the patient's body. They do slow up or inhibit multiplication of the micro-

organisms.

### Great Advantage

Introduction of isoniazid in 1952 provided tuberculosis patients with a drug which could be taken by mouth. Since treatment of tuberculosis of the lung must be continued for at least a year, such simple oral therapy is of great advantage.

Use of such drugs has enabled us to treat thousands of tuberculosis patients in out-patient clinics after relatively short stays in hospitals. This saves the patients both time and money.

### Drop in Price

Like most drugs isoniazid was fairly expensive when it was first placed on the market. In the four years it has been available, however, the prescription price in retail pharmacies has dropped about 70 percent. The cost of streptomycin and PAS has also declined.

In most patients who have shown no response to isoniazid and streptomycin therapy, treatment with hormones has brought almost immediate improvement. Surgery methods, too, have improved greatly.

Even though some 400,000 Americans are suffering from active tuberculosis right now, the outlook for them is pretty bright—providing they get early and proper treatment.

QUESTION AND ANSWER  
S. P.: What is bronchiectasis?  
Answer: Bronchiectasis is caused by a loss of elasticity of the tubes that lead to the air sacs of the lungs. Usually a severe cough is present, with the spitting of a green or bloody sputum. There is extreme weakness and generalized body disability.

Medical advances have slashed the tuberculosis death toll by 95 per cent since 1900—nearly 75 per cent in the last 10 years. There are now about 10 deaths per 100,000 population. That's about 1 percent.

### Big Reduction

We were able to reduce the number of tuberculosis hospital beds by 3,215 between 1954 and June, 1956.

While there are many drugs which have helped put this once dreaded villain in its proper place, there are three which have been in the forefront of the fight—isoniazid, streptomycin, and para-aminosalicylic acid, called PAS. Frequently they are used in conjunction.

These drugs do not kill all the tubercle bacilli in the patient's body. They do slow up or inhibit multiplication of the micro-or-

ganisms.

### Great Advantage

Introduction of isoniazid in 1952 provided tuberculosis patients with a drug which could be taken by mouth. Since treatment of tuberculosis of the lung must be continued for at least a year, such simple oral therapy is of great advantage.

Use of such drugs has enabled us to treat thousands of tuberculosis patients in out-patient clinics after relatively short stays in hospitals. This saves the patients both time and money.

### Drop in Price

Like most drugs isoniazid was fairly expensive when it was first placed on the market. In the four years it has been available, however, the prescription price in retail pharmacies has dropped about 70 percent. The cost of streptomycin and PAS has also declined.

In most patients who have shown no response to isoniazid and streptomycin therapy, treatment with hormones has brought almost immediate improvement. Surgery methods, too, have improved greatly.

Even though some 400,000 Americans are suffering from active tuberculosis right now, the outlook for them is pretty bright—providing they get early and proper treatment.

### QUESTION AND ANSWER

S. P.: What is bronchiectasis?

Answer: Bronchiectasis is caused by a loss of elasticity of the tubes that lead to the air sacs of the lungs. Usually a severe cough is present, with the spitting of a green or bloody sputum. There is extreme weakness and generalized body disability.

## Planetary Travel Seen by Year 2000

STUTTGART, Germany (AP)—A German space research scientist predicts that interplanetary travel will be possible for man by the year 2000.

Dr. Eugen Saenger told the opening session of the eighth convention of the German Society For Space Research that in about four decades man - manned rockets, driven by nuclear power would rove through space at about 60,000 miles per second.

Saenger visualized a number of space stations, to be established for interplanetary trips which would be "publicly accessible."

These stations may be set up as early as 1980, the German scientist believes.

# You Need The Church-The Church Needs You

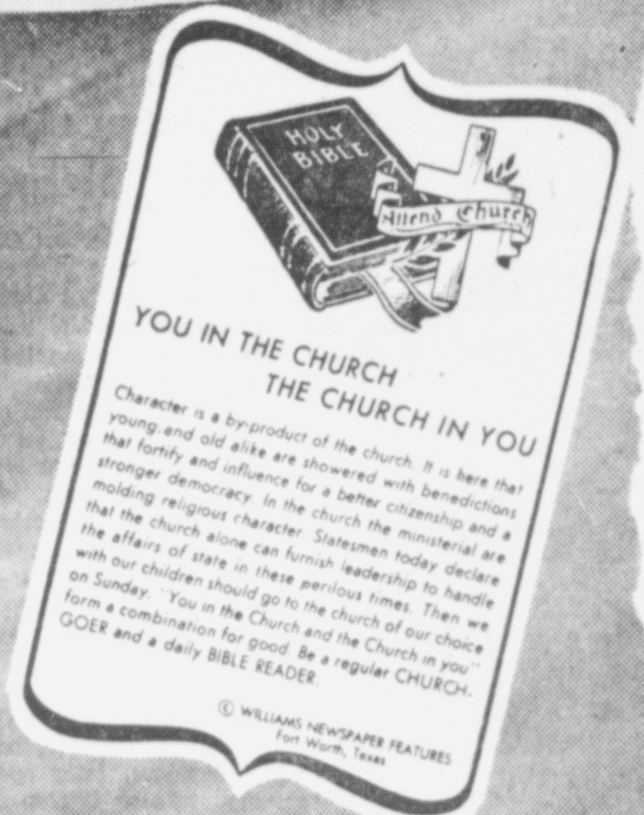

An angel's food cake may be a work of perfection. An athlete may have a perfect golf swing. But, generally speaking, our lives are quite imperfect. *About the most perfect thing one could ever find is a little girl just turned five.*

"Be ye perfect as your Father in heaven is perfect."

That's a big order. No man has perfectly kept God's commandments...we all break them in thought and word and deed. Yet, the order stands—"perfection!" "Be perfect!"

Then, make perfection the constant aim of your life. Be dissatisfied with your accomplishments and unremittingly and everlastingly strive toward the highest and the best which is found only in Jesus. "Be ye perfect!"

Traveling the perfect way one needs all the help he can muster. We suggest regular church attendance as your greatest aid.

## Planetary Travel Seen by Year 2000

STUTTGART, Germany (AP) — A German space research scientist predicts that interplanetary travel will be possible for man by the year 2000.

Dr. Eugen Saenger told the opening session of the eighth convention of the German Society For Space Research that in about four decades man - manned rockets, driven by nuclear power would rove through space at about 60,000 miles per second.

Saenger visualized a number of space stations, to be established for interplanetary trips which would be "publicly accessible."

These stations may be set up as early as 1980, the German scientist believes.

# You Need The Church-The Church Needs You

An angel's food cake may be a work of perfection.

An athlete may have a perfect golf swing. But, generally speaking, our lives are quite imperfect. *About the most perfect thing one could ever find is a little girl just turned five.*

"Be ye perfect as your Father in heaven is perfect."

That's a big order. No man has perfectly kept God's commandments...we all break them in thought and word and deed. Yet, the order stands—"perfection!" "Be perfect!"

Then, make perfection the constant aim of your life. Be dissatisfied with your accomplishments and unremittently and everlastingly strive toward the highest and the best which is found only in Jesus. "Be ye perfect!"

Traveling the perfect way one needs all the help he can muster. We suggest regular church attendance as your greatest aid.

**YOU IN THE CHURCH THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial and the holding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then, we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH. GOER and a daily BIBLE READER.

## Mrs. Rowland Is Hostess To Club Members

The November meeting of the Marilee Garden Club was held at the home of Mrs. John Rowland, with ten members present.

The president, Mrs. Wash Lough, called the meeting to order and read the poem entitled "November Gold".

Mrs. O. E. Harper, secretary, gave her report and an interesting account of the October Open Meeting, when other clubs were included for a program on "Birds".

Mrs. Lough conducted the business session and announced several important dates, which included the "Christmas at Home Party" on November 30, when each club in the county will exhibit one table arrangement.

December 5 was also another date when the Marilee Club will combine with the Twin Oaks Club, for a covered dish dinner at Wayne Hall at 6 p. m. and the visiting club will furnish the program and Mrs. Rhodes will show slides.

December 7 is another important date, when Mrs. Jackson of Ewington, will make Christmas arrangements at a meeting for all clubs in the county using native materials in the Dayton Power and Light Company Club room.

Plans were also made to serve lunch at the Rothrock sale on December 11 with the Twin Oaks Club members also assisting.

Roll call was responded to by members naming their favorite rose, and Mrs. Glenn Smith, program leader, gave a most interesting paper "Winter Care of Roses". Mrs. Smith emphasized always hilling up roses in the fall, to keep them from drying out rather than to keep them warm using mounds of six to eight inches high, but do not dig the soil from roots between the roses and stop feeding roses in August.

"She read 'The Legend of the Christmas Rose', which described a small girl, Madelon, who worried about not having a gift for the Christ Child. After watching an angel wave a wand of lilies the entire path to Bethlehem, was flowered with glistening white Christmas Roses, and she watched the wise men, present their gifts. Mary seeing her from afar, told her they had been waiting for her, and as Jesus touched the flowers they became suffused with pink.

At the close of this beautiful service the members enjoyed a period of informal visiting.

## Golden Wedding Of Campbells To Be Celebrated

Mr. and Mrs. Herbert C. Campbell, 609 Clinton Ave., will celebrate their Golden Wedding Anniversary Wednesday, Nov. 28.

Owing to Mr. Campbell's impaired health, no elaborate plans have been made, but their only son, Mr. Charles Campbell, Mrs. Campbell and their daughter Nancy, of Glenbrook, Connecticut, who will arrive Monday, will assist in receiving guests during the afternoon and early evening hours.

Mr. and Mrs. Campbell were married Nov. 28, 1906, in Greenfield, with the late Rev. Charles Boden, a former minister of First Christian in Washington C. H.

Mr. Campbell was in the photography business, later operated a grocery store on Clinton Ave. and before his retirement he was associated in the restaurant business with his son, the late Cond on Campbell.

In addition to their son Charles, they have four grandchildren and three great-grandchildren.

## Mrs. Miller Is Hostess To Church Society

Mrs. Russell Miller was hostess to members of the Missionary Society of McNair Memorial Presbyterian Church, for the regular November meeting.

Mrs. Martin O'Call, president, called the meeting to order and Mrs. James McClaskie conducted the devotional period.

Following the usual reports, members who attended the District meeting held in October gave reports.

Mrs. Cecil Melton, a former resident of Morris Fork, Kentucky, was the guest speaker for the evening and she gave a most interesting talk, describing the work being done in both the Morris Fork, and other mission schools in Kentucky and Tennessee.

Following Mrs. Melton's talk, a social hour was enjoyed during which Mrs. Miller was assisted by Mrs. W. A. Armbrust, co-hostess in the serving of dainty refreshments.

## Craft Project Is Adopted By Blue Birds

The meeting of the Daisy Blue Bird group of Cherry Hill School, was held at the school, with the advisors, Mrs. Floyd West and Mrs. Robert Goldsberry present to supervise the meeting.

Fifteen members reported on the annual candy sales and following the business session the girls made peanut men as a craft project.

The girls said good bye to Shirley Morton, a member who is leaving to make her home in Columbus, and after a round of games the hostess, Carolyn Chaney, served light refreshments.

of Dayton, Mr. and Mrs. Edward Wright, children Jane and Bill of this city.

Mr. and Mrs. Fred Cline entertained as Thanksgiving dinner guests, Mr. and Mrs. James Hartmann, daughter Christy Lee, of Milford, Michigan, and Mr. and Mrs. Herbert Hartmann, of Cincinnati.

## Mrs. Marchant Is Hostess To Church Society

Members of the Ladies Aid of First Christian Church, held their November meeting at the home of Mrs. Ralph Marchant.

Mrs. Ted Merritt, president, called the meeting to order and the devotions led by Mrs. Frank Terrell; included Scripture reading from First Chronicles and prayer.

The missionary program was in charge of Mrs. Hazel McNorton, included announcements of several new churches founded in the northern part of Ohio.

Sixteen members responded to roll call and the usual reports were followed with reports of the standing committees, which included ill and shut-in members.

Patches were served on aprons which was a means to replenish the treasury as a missionary project for the month and a contribution was made to the Christian Indian School at Sedonia, Arizona. Election of officers was held and those chosen were: Mrs. A. E. Weatherly, president; Mrs. Elizabeth Arnold, vice president; Mrs. Georgia Waddell, secretary; Mrs. Frank Terrell, assistant secretary; Mrs. Hubert Pollis, treasurer and Mrs. Ted Merritt, assistant treasurer.

Plans were made for the annual Christmas Party and gift exchange and the meeting was adjourned.

During the social hour Mrs. Marchant was assisted by Mrs. Robert Speakman, Mrs. E. A. Jones, Mrs. R. A. Wasson and Mrs. Mattie Wilson, in the serving of seasonal refreshments.

## Shafers Honor His Parents At Reception

Mr. and Mrs. Charles Shaper entertained at a reception honoring Mr. Shaper's parents, Mr. and Mrs. Emmett Shaper of Sabina, on their forty first wedding anniversary.

Pom pom chrysanthemums in bronze, wine and white were used as the centerpiece for the refreshment table, which was presided over by Mrs. Leonard Marshall of Dayton and Mrs. Jean Morley of Cincinnati.

Out of town guests included were from Dayton, Cincinnati and Lancaster.

## Bloomington WCTU Holds Regular Meeting

The regular meeting of the Bloomington W.C.T.U. was held at the home of Mrs. Eugene Wissler in Mt. Sterling.

The meeting was presided over by the president, Mrs. J. H. Jackson, and Mrs. Wissler led in the devotions, reading Scripture from the 100th Psalm, and a Thanksgiving poem.

Reports from the National W.C.T.U. convention held in Springfield recently were given by Mrs. Urvin Edwards, Fayette County president, and Mrs. Ilo Creamer of Derby, president of the Pickaway County Unions who attended.

The meeting was closed with the W.C.T.U. benediction and during the social hour Mrs. Wissler served a dainty refreshment course.

The December meeting will be held at the home of Mrs. Urvin Edwards.

## Christmas Season Officially Opens Today in U. S. Stores

By SAM DAWSON  
NEW YORK (AP)—The Christmas season opens officially today in the nation's stores.

In the next four weeks they should do about one fourth of their entire year's business — it's the season that makes or breaks the year for most of them. And most still think sales will top last year's record volume by a fair margin.

Actually many stores put up their Yuletide decorations and spread out their gift wares before Thanksgiving.

But the real drive starts today and shoppers will have to show more of a buying spirit than they have in the last four weeks if the hopes for a record sales volume are realized. Unseasonably warm weather in November got the blame in many cities for sluggish sales.

The rather slow start worries some merchants who have loaded up with large stocks in expectation of record sales.

The Washington High School dramatics class presented a Thanksgiving play in assembly Wednesday with Frank Miller, senior class member, acting as director.

Leading roles were taken by Jean Persinger, John Bainter, Nancy Hurst, Mary Louise Highfield, Sandra Cook, Bob Hunter and Eldon Brown. Appearing as "orphans" from foreign countries were Pat Hunter, Suzie Wissler, Pat Cutlip, Pat Scott, Frank Miller, Eddie Jones, Phil Williams, Sandy Rose, Natalie McLean, Sara Terhune and Wanda Tracey.

Special holiday music was provided by Douglas Bray, soloist, and the Junior High Sextet composed of Rita Whippley, Loretta Custer, Joanne Barr, Cecelia Donahue, Barbara Shoop and Sharon Penrod. Mr. Paul Messerall was the accompanist.

MISS HELEN HUTSON'S government class is filing newspaper clippings concerning five current government problems.

BIRTHDAY congratulations are due to Sandy Rose, Peggy Bandy, Suzie Wissler, Sandy Stagg and all of the other November babies. Congratulations also to all of the hunters who got out of class on Thursday. We hope you got your share of the game and fun too.

IF ANY OF YOU were watching the Aunt Fran Show Monday on TV, the jack-in-the-box you saw was none other than our own Pat Cutlip. Pat will be dancing on the program 12 times between now and Dec. 24th. She will be dressed as a clown.

FROM NOW ON our stage productions will look more professional than before because Mr. G. B. Vance will be in charge of stage scenery and lighting.

IF THE football boys look heavier this week, it is because they have had two banquets, one on Monday night given by the Boosters Club and the other on Tuesday night given by the Lions Club. The Lions Club presented the five senior boys with gold footballs.

## Grange Contends U. S. Policy 'Weakening Our Agriculture'

ROCHESTER, N.Y. (AP)—The National Grange has concluded the weeklong deliberations of its 90th meeting with a statement that "in recent years too many national policies have weakened the position of our agriculture."

In a report, approved by 70 delegates from 37 states, the Grange said Wednesday night, that these policies "weakened the position of our agriculture in favor of strengthening and expanding the agriculture and general economy of other nations."

The statement added: "We certainly favor the continued strengthening of the economy of friendly nations, but not at such unwarranted expense to the American farmer."

The Grange also urged that re-

presentatives of the Federal Extension Service refrain from passing information on government policy to farmers.

This job, delegates said in a resolution, rightly belongs to private media such as newspapers, magazines, radio and television and not to a representative of a federal agency in the government formulating the policy.

And they have other problems. Finding extra clerical help is harder this year—with the nation's total employment already at a record. In some stores higher pay and immediate employee discounts on goods are being offered as lures to temporary workers.

Some retailers have foreign purchases tied up by the dock strike, although in most cases the imports started arriving in volume in October. Importers count upon this being the largest Christmas season for foreign goods.

Another worry for merchants is what effect the recurring war scares will have on consumers' buying tendencies. And still another, the reaction to the higher prices this year on many items.

But most merchants count heavily on the plus factors this season. Disposable income after taxes is at a record high. Some previously depressed areas are humming again. Example: Many auto plants are now on a six-day week. Some 6,800 financial institutions are paying nearly 13 million members of Christmas clubs a record \$1,187,000,000. Merchants think at least 294 million of that will be spent on gifts.

## CONSTIPATED? new laxative discovery un-locks bowel blocks without gag, bloot or gripe

Constipation is caused by what doctors call a "thrift" colon. A "thrift" colon is one that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

TO REGAIN NORMAL REGULARITY two things are necessary. First, the dry, shrunken contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H IT STIMULATE it and so, excite its muscles to action; to a normal urge to purge.

ONLY A BULK LAXATIVE can 1) re-moisten this dry, shrunken waste and 2) supply vital bulk to re-create a normal urge to purge. And, of all bulk laxatives, COLONOID, the

amazing new laxative discovery is so effective that it relieves even chronic constipation overnight, yet is so smooth, so gentle it has been proved safe even for women in the most critical stages of pregnancy.

SUPERIOR TO OLD STYLE bulk, salt or drug laxatives, COLONOID neither gags, bloats nor grips; does not interfere with your absorption of vitamins and other valuable food nutrients; and in clinical tests, did not cause rash or other side reactions.

IT'S A PHYSIOLOGICAL FACT: Exercise tones your body! And COLONOID exercises your colon to tone it against constipation, overnight! Whether occasional, frequent or chronic, whatever your degree of constipation, get COLONOID, in easy-to-take tablet form at any drug counter, today! The price, only 98¢ for the economical 60 tablet package, brings you positive relief at less than 2¢ per tablet.

## Newest Buick Yet

WE'VE introduced a lot of new Buicks to the local scene—but never before one as new as this.

Inside and outside, top to toe, end to end—this is the newest Buick yet.

And it's not just new for newness itself—but new in ways that make driving more comfortable, safer and more fun.

You'll see what we mean when you study these gorgeous new Buicks close up.

They're inches lower and stunningly styled from stem to stern—yet each is wondrously roomy inside.

They bring a wide-eyed new visibility of the road ahead with a rakish windshield that adds hundreds more square inches of glass area.

They're new in ride, with a new contour frame chassis that "nests" your going—giving new roadability with a lower center of gravity—yet road clearance is unchanged.

They're new in handling with a new Buick-developed ball-joint suspension that makes steering and cornering easier while it levelizes braking.

But above and beyond all else—these 1957 Buicks are brand new in performance:

—with a V8 engine that's new from the crankshaft up, to give you the highest power and compression in all Buick annals.

—with an advanced new Variable Pitch Dynaflo\* that brings you such instant response, such smoothness, such a full range of fluid motion in "Drive" that the need for "Low" is all but eliminated.

All this covers only the big advances in the 1957 Buick.

There are other wonderful new things—the new safety instrument panel—the new color-mate interiors—the new counterbalanced brake pedals—well over a hundred and fifty new features in all.

As your Buick dealer, we're ready to show you these newest Buicks yet—and how easy you'll find it to call one your own. Stop in and see us this week.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick built today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## Christmas Season Officially Opens Today in U. S. Stores

By SAM DAWSON  
NEW YORK (AP)—The Christmas season opens officially today in the nation's stores.

In the next four weeks they should do about one fourth of their entire year's business — it's the season that makes or breaks the year for most of them. And most still think sales will top last year's record volume by a fair margin.

Actually many stores put up their Yuletide decorations and spread out their gift wares before Thanksgiving.

But the real drive starts today. And shoppers will have to show more of a buying spirit than they have in the last four weeks if the hopes for a record sales volume are realized. Unseasonably warm weather in November got the blame in many cities for sluggish sales.

The rather slow start worries some merchants who have loaded up with large stocks in expectation of record sales.

The Washington High School dramatics class presented a Thanksgiving play in assembly Wednesday with Frank Miller, senior class member, acting as director.

Leading roles were taken by Jean Persinger, John Bainter, Nancy Hurst, Mary Louise Highfield, Sandra Cook, Bob Hunter and Eldon Brown. Appearing as "orphans" from foreign countries were Pat Hunter, Suzie Wissler, Pat Cutlip, Pat Scott, Frank Miller, Eddie Jones, Phil Williams, Sandy Rose, Natalie McLean, Sara Terhune and Wanda Tracey.

Special holiday music was provided by Douglas Bray, soloist, and the Junior High Sextet composed of Rita Whippley, Loretta Custer, Joanne Barr, Cecelia Donahue, Barbara Shoop and Sharon Penrod. Mr. Paul Messerall was the accompanist.

MISS HELEN HUTSON'S government class is filing newspaper clippings concerning five current government problems.

BIRTHDAY congratulations are due to Sandy Rose, Peggy Bandy, Suzie Wissler, Sandy Staggs and all of the other November babies. Congratulations also to all of the hunters who got out of class on Thursday. We hope you got your share of the game and fun too.

IF ANY OF YOU were watching the Aunt Fran Show Monday on TV, the jack-in-the-box you saw was none other than our own Pat Cutlip. Pat will be dancing on the program 12 times between now and Dec. 24th. She will be dressed as a clown.

FROM NOW ON our stage productions will look more professional than before because Mr. G. B. Vance will be in charge of stage scenery and lighting.

IF THE football boys look heavier this week, it is because they have had two banquets, one on Monday night given by the Boosters Club and the other on Tuesday night given by the Lions Club. The Lions Club presented the five senior boys with gold footballs.

## Grange Contends U. S. Policy 'Weakening Our Agriculture'

ROCHESTER, N.Y. (AP)—The National Grange has concluded the weeklong deliberations of its 90th meeting with a statement that "in recent years too many national policies have weakened the position of our agriculture."

In a report, approved by 70 delegates from 37 states, the Grange said Wednesday night, that these policies "weakened the position of our agriculture in favor of strengthening and expanding the agriculture and general economy of other nations."

The statement added: "We certainly favor the continued strengthening of the economy of friendly nations, but not at such unwarranted expense to the American farmer."

The Grange also urged that representatives of the Federal Extension Service refrain from passing information on government policy to farmers.

This job, delegates said in a resolution, rightly belongs to private media such as newspapers, magazines, radio and television and not to a representative of a federal agency in the government formulating the policy.

The U.S. Agriculture Department recently has instructed Extension Service employees to carry such information to farmers whenever possible.

Also during the closing session, the delegates gave mild approval to the soil bank program but said it had to be "properly administered."

## Saturday Due To Wind Up Big Ten Card

CHICAGO (AP) — The Big Ten football championship game can be split up Saturday or go outright to Rose Bowl bound Iowa as the conference campaign ends.

Iowa finished its Big Ten campaign last week, defeating Ohio State's Buckeyes, who have won 17 league games in a row, 6-0. It gave the Hawkeyes a 5-1 record.

This can be duplicated by Ohio State, thus providing co-champions, if the Bucks can defeat their traditional foe, Michigan, in a showdown at Columbus.

If Michigan wins, the Wolverines will wind up with a 5-2 record and Ohio State with 4-2, giving

Iowa its first outright title since 1922.

A Michigan victory also would give Minnesota a chance to take second place. The Gophers, who were tied by Northwestern earlier in a scoreless battle, close out at Wisconsin against the Badgers who are winless in the Big Ten with four losses and two ties.

A Gopher decision would leave Minnesota with a 5-1-1 mark.

Iowa polishes off its regular campaign as host to Notre Dame.

In other games Indiana (1-4) is at Purdue (0-4-2) in the Old Oaken Bucket feed and Illinois (1-3-2) invades Northwestern (2-3-1) for another traditional test. Michigan State (4-2) winds up entertaining Kansas State.

The oddsmakers call Illinois-Northwestern and Ohio State-Michigan tossups. They favor Minnesota by 7 points over Wisconsin, Purdue by 10 over Indiana, Iowa by 13 over Notre Dame and Michigan State by 27 over Kansas State.

## Widely-Known Evangelistic Leader To Speak at Union Service Monday

Union evangelistic services, under auspices of the Fayette County Ministerial Assn. will be held at

DR. HARRY DENMAN

7:30 p. m. Monday in Grace Methodist Church with Dr. Harry Denman, executive secretary of the Methodist Board of Evangelism, as the principal speaker.

Dr. Denman, one of the best known speakers in church work today, is a resident of Nashville, Tenn. Widely traveled, he has been interested in soul-winning since 1915.

Born in Birmingham, Ala., in

1893, he holds degrees from Birmingham Southern and Athens, Ala., colleges.

FORMERLY an employee of the Tennessee Coal, Iron and Railroad Co., he became secretary of the Birmingham Sunday School Assn. in 1915, was church manager of the First Methodist Church of Birmingham from 1919 to 1939, and became executive secretary of the Board of Evangelism of the Methodist Church, with headquarters in Nashville, in 1938.

He was a member of the general conference of the Methodist Church South, from 1934 until 1938; a member of the United Conference of the Methodist Church in 1939, a member of the general and jurisdictional conferences of the church from 1940 to 1952, and is a trustee of Asbury College and a member of Omicron Delta Kappa Fraternity.

NEVER MARRIED, Dr. Denman found himself with no home of his own after his mother's death, and he gave the little house that he and his mother had occupied to a new congregation that was being formed in a housing area.

This Denman Memorial Church in Birmingham has prospered and recently dedicated a new church-school building. Dr. Denman still preaches there on occasion.

Dr. Denman has steadfastly re-

fused to accept the invitations of friends to share their homes or to be their guest at dinner on Christmas and other holidays. Instead he prefers to visit the jails and industrial schools where people are lonely or in trouble.

Dr. Deiman contends that human nature in individuals, in communities, in nations can be changed. He says: "I saw a garage with the sign 'Wrecks Rebuilt.' That is what the Gospel does."

Christians of all denominations are invited to attend Monday night's union service. A massed choir representing city and county churches will sing.

## Rote Paces Packers to Trip Detroit

DETROIT (AP) — Tobin Rote, one of the "old pros" who has a habit of saying each year that "this is my last season," has convinced the Detroit Lions that retirement may be a long way off.

The 27-year-old Green Bay Packer quarterback completed 11 passes for 166 yards in a furious fourth-quarter explosion Thursday that overcame the stunned Detroit Lions 24-20.

Two of the passes were for touchdowns, one to Fred Cone and the other to Bill Howton, the National Football League's top pass receiver. Rote scored the other fourth-quarter touchdown on a two-yard sneak as 54,087 chilled spectators and a national television audience looked on.

Rote's performance threw Detroit into second place in the western division behind the explosive

Chicago Bears who have lost once in 8 starts.

It heightened too, the importance of the Bears - New York Giants game Sunday in New York. With a victory, Chicago would move a full game ahead of the Lions.

Rote had 21 completions in 40

attempts for 289 yards. For the season he has completed 112 of 234 for 1702 yards.

Bob Prall, 20-year-old Salem amateur, won the Oregon Golf Assn. medal play title for the second straight year with a 217 for 54 holes.

## Saturday Due To Wind Up Big Ten Card

CHICAGO (AP) — The Big Ten football championship can be split up Saturday or go outright to Rose Bowl bound Iowa as the conference campaign ends.

Iowa finished its Big Ten campaign last week, defeating Ohio State's Buckeyes, who have won 17 league games in a row, 6-0. It gave the Hawkeyes a 5-1 record.

This can be duplicated by Ohio State, thus providing co-champions, if the Bucks can defeat their traditional foe, Michigan, in a showdown at Columbus.

If Michigan wins, the Wolverines will wind up with a 5-2 record and Ohio State with 4-2, giving

Iowa its first outright title since 1922. A Michigan victory also would give Minnesota a chance to take second place. The Gophers, who were tied by Northwestern earlier in a scoreless battle, close out at Wisconsin against the Badgers who are winless in the Big Ten with four losses and two ties.

A Gopher decision would leave Minnesota with a 5-1-1 mark. Iowa polishes off its regular campaign as host to Notre Dame.

In other games Indiana (1-4) is at Purdue (0-4-2) in the Old Oaken States' Buckeyes, who have won 17 league games in a row, 6-0. It gave the Hawkeyes a 5-1 record.

The odds makers call Illinois Northwestern and Ohio State-Michigan tossups. They favor Minnesota by 7 points over Wisconsin, Purdue by 10 over Indiana, Iowa by 13 over Notre Dame and Michigan State by 27 over Kansas State.

## Widely-Known Evangelistic Leader To Speak at Union Service Monday

Union evangelistic services, under auspices of the Fayette County Ministerial Assn. will be held at

DR. HARRY DENMAN

7:30 p. m. Monday in Grace Methodist Church with Dr. Harry Denman, executive secretary of Methodism's Board of Evangelism, as the principal speaker.

NEVER MARRIED, Dr. Denman found himself with no home of his own after his mother's death, and he gave the little house that he and his mother had occupied to a new congregation that was being formed in a housing area.

This Denman Memorial Church in Birmingham has prospered and recently dedicated a new church-school building. Dr. Denman still preaches there on occasion.

Dr. Denman has steadfastly re-

fused to accept the invitations of friends to share their homes or to be their guest at dinner on Christmas and other holidays. Instead he prefers to visit the jails and industrial schools where people are lonely or in trouble.

Dr. Denman contends that human nature in individuals, in communities, in nations can be changed. He says: "I saw a garage with the sign 'Wrecks Rebuilt.' That is what the Gospel does."

Christians of all denominations are invited to attend Monday night's union service. A massed choir representing city and county churches will sing.

## Rote Paces Packers to Trip Detroit

DETROIT (AP) — Tobin Rote, one of the "old pros" who has a habit of saying each year that "this is my last season," has convinced the Detroit Lions that retirement may be a long way off.

The 27-year-old Green Bay Packer quarterback completed 11 passes for 166 yards in a furious fourth-quarter explosion Thursday that overcame the stunned Detroit Lions 24-20.

Two of the passes were for touchdowns, one to Fred Cone and the other to Bill Howton, the National Football League's top pass receiver. Rote scored the other fourth-quarter touchdown on a two-yard sneak as 54,087 chilled spectators and a national television audience looked on.

Rote's performance threw Detroit into second place in the western division behind the explosive

Chicago Bears who have lost once in 8 starts.

It heightened too, the importance of the Bears - New York Giants game Sunday in New York. With a victory, Chicago would move a full game ahead of the Lions.

Rote had 21 completions in 40

attempts for 289 yards. For the season he has completed 112 of 234 for 1702 yards.

Bob Prall, 20-year-old Salem amateur, won the Oregon Golf Assn. medal play title for the second straight year with a 217 for 54 holes.

## America Starts Collection of Olympic Medals

Los Angeles Youth Sets World Record In High Jump Test

MELBOURNE (AP)—Charlie Dumas, a lanky 19-year-old Los Angeles collegian, set a new Olympic high jump mark today as the United States team began to hoard gold medals on the first full day of actual competition.

Except for a surprise defeat by the Yale crew in the eight-oared competition at Ballarat, the suspension of a hammer thrower and the barring of two boxers, things ran true to form for the strong American team.

Dumas won a dramatic duel with an unheralded Australian in the gathering gloom with a leap of six feet 11½ inches — one inch short of his own world record of seven feet, one-half inch.

Charles Vinci of York Pa., a 23-year-old bantamweight high jumper, also grabbed a gold medal for Uncle Sam, smashing both the world and Olympic records on the way to a triumph over a Russian contender.

Vladimir Kouts, a sinewy Russian naval officer from the Ukraine, won the 10,000-meter race for his nation's first track and field victory in Olympic history to emphasize that Russia is no idle threat to American supremacy. Although Kouts didn't approach his own unofficial world mark, he broke the Olympic record and official world figure with a smashing performance in 29 minutes, 45.6 seconds.

Olga Fikotova of Czechoslovakia, the first track and field gold medal winner, set the style by also breaking the Olympic standard with a mighty toss of 33.69 meters (110 feet 1½ inches) in the women's discus. The old record was broken four times during the competition in which the Russians took three of the first six places. Earlene Brown, a Los Angeles housewife, surpassed her best previous performance with a toss of 168 feet 5½ inches, good for a surprise fourth place.

As expected the American stars in the shorter distances easily qualified for the finals.

Bobby Morrow, the speed demon from Abilene Christian in Texas, and Ira Murchison of the U. S. Army, each tied the Olympic record by winning their 100-meter heats in 10.3 seconds. This pair and Thane Baker of the Air Force, another heat winner, will carry U. S. hopes in Saturday's final.

The American trip of Glenn Davis, Eddie Southern and Josh Culbreth marched ahead in the 400-meter hurdles toward Saturday's semi-finals and the strong 800-meter entry of Tom Courtney, Arnie Sowell and Lon Spurrier survived the first heats.

In rowing, the major upset of the day was the defeat of Yale's eight, considered a sure thing to

## Many Bowl Bids To Hinge On Saturday's Grid Results

By THE ASSOCIATED PRESS  
Tennessee, Georgia Tech, Texas Christian, Pitt, Clemson, and even four-times beaten Duke renew their push toward bowl invitations tomorrow in the season's last big college football Saturday.

The Vols from Tennessee face a triple challenge. The rich plum of a Sugar or Cotton Bowl invitation, first place in the Southeastern Conference and, conceivably, top ranking in the Associated Press' nationwide poll will be dangling before them as they meet Kentucky.

Tennessee, winner of eight straight, has slipped to second place nationally behind Oklahoma after a week as No. 1 in the AP ratings.

After their Southern feuds with Georgia Tech and Mississippi the last two weeks, the Vols might find always tough Kentucky difficult to handle. Should they falter, either Tech or Florida would be pleased to assume the conference leadership.

Tech, which may get the other of the bowl assignments Tennessee doesn't take, runs into fast-improving Florida itself, which is a bowl ineligible because of probationary status but still has a shot at the conference championship. Texas Christian, with the inside track to the host spot in the Cotton Bowl with Texas A&M ineligible, plays Rice in a Southwest Conference feature, and Pitt, leading eastern candidate for a major bowl along with Syracuse, meets capable Penn State.

In the Atlantic Coast Conference, Clemson (3-0-1) plays Virginia and Duke (3-1) is at North

Carolina to continue the three-way scramble with South Carolina for representation against Colorado of the Big Seven in the Orange Bowl.

South Carolina passed its latest test Thanksgiving day by defeating Wake Forest 13-0 to run its conference record to 5-2.

Oklahoma, a non-bowler because of the Big Seven's no repeat rule, will have to content itself with making Nebraska its 39th straight victim. Iowa, set for the Rose Bowl against Oregon State, meets Notre Dame, Yale bids for the first official Ivy League title against Harvard and UCLA and Southern California have their annual bruiser in the national TV game. Miami, unbeaten but tied, plays West Virginia tonight.

Other major games show Michigan at Ohio State, Kansas State at Michigan State, Minnesota at Wisconsin, Illinois at Northwestern, Columbia at Rutgers, Dartmouth at Princeton, Iowa State at Villanova, Indiana at Purdue, Wichita at Tulsa, Mississippi Southern at Alabama, Florida State at Auburn, Baylor at SMU, Houston at Texas Tech, and Washington at Washington State.

Oregon State's Beavers, in their final warmup for Iowa on New Year's Day, got a hotfoot from Oregon's Webfoots Thursday in the co-feature of the holiday program. The Beavers, who have clinched the Pacific Coast Conference crown, were held to a 14-14 tie.

Other top scores were Cornell 20 Penn 7, Richmond 6 William & Mary 0, Brown 20 Colgate 0, Denver 39 Colorado A&M 13, Maryland 25 North Carolina State 14, Utah 29 Utah State 7, Virginia Tech 45 VMI 0, Miami (Ohio) 27 Cincinnati 13, Washington (Mo) 40, Washington & Lee 19, and Idaho 14 Montana 0.

Moore and the 21-year-old Patterson meet next Friday night in Chicago Stadium for the heavyweight title vacated seven months ago when Rocky Marciano retired.

Patterson planned to rest today after the examination. He boxed four rounds Thursday before sitting down to a turkey dinner.

Moore also boxed four rounds, making a total of 50 since he set up his training camp here.

## U. S. Weightlifter Wins Gold Medal

MELBOURNE (AP)—Charles Vinci of York, Pa., won the first gold medal for the United States in the Olympic Games today when he broke the Olympic and world record in winning the bantamweight class of the weightlifting test.

The 23-year-old athlete pressed 231 pounds, lifted 105 kilograms in the snatch and 291.5 pounds in the jerk for a total of 733.5 pounds.

## Free Farm Ready For Hungarians

KANSAS CITY, Kan. (AP)—A Kansas City electrician and his wife plan to make a 360-acre farm available to a Hungarian refugee family, rent free.

The idea came to Hubert Bray as he relaxed in his home after his Thanksgiving dinner, watching scenes on television of Hungarians fighting for freedom.

Bray said he and his wife bought the farm, located in the Missouri Ozarks, "to have something to do on week ends."

They've never worked it but it has 40 acres of tillable land, a house for a family of five, a good barn and two poultry houses.

"I know what it is to be free and I'll show these people what a wonderful cause they have fought for," Bray said.

## OSU Receives Training Fund

WASHINGTON (AP)—The National Science Foundation Thursday announced the award of more than \$4 million in grants to 14 colleges and universities, including \$253,300 for Ohio State University, for individualized training of high school science and mathematics teachers.

Alan T. Waterman, director of the foundation, a government agency, estimated 450 teachers will be enrolled in the \$4,065,000 program when it starts next year.

Seven of the eight members of Michigan's football coaching staff attended the university.

gans at Ohio State, Kansas State at Michigan State, Minnesota at Wisconsin, Illinois at Northwestern, Columbia at Rutgers, Dartmouth at Princeton, Iowa State at Villanova, Indiana at Purdue, Wichita at Tulsa, Mississippi Southern at Alabama, Florida State at Auburn, Baylor at SMU, Houston at Texas Tech, and Washington at Washington State.

## Moore, Patterson To Take Physicals

CHICAGO (AP)—Light heavyweight king Archie Moore, looking trim and ready, and lithe Floyd Patterson were to appear before the Illinois Athletic Commission today for the formality of a pre-fight medical exam.

Moore and the 21-year-old Patterson meet next Friday night in Chicago Stadium for the heavyweight title vacated seven months ago when Rocky Marciano retired.

Patterson planned to rest today after the examination. He boxed four rounds Thursday before sitting down to a turkey dinner.

Moore also boxed four rounds, making a total of 50 since he set up his training camp here.

CINCINNATI (AP)—A Columbus family of three Thursday shared honors in the 46th annual Elks Thanksgiving Day Running and Walking Races.

Jack Blackburn, unattached runner, won the cross country run. His father, John J. Blackburn, placed fifth in the walking race, in which his mother, Mrs. Corrin Blackburn, finished seventh.

Wayne Warcho of Dayton won the walking race, and Ohio Wesleyan took first place in the team event among the runners.

The races were conducted over a six-mile course.

## Miami Footballers Thump Cincinnati

CINCINNATI (AP)—Miami University of Ohio Thursday rolled to its third straight Thanksgiving Day victory over the University of Cincinnati, 27-13.

Bundled against icy winds and snow flurries, a crowd of 17,000 saw a tightly played first half end with the slightly favored UC Bearcats leading 7-6.

But Miami's Redskins, led by Dean Porter and Tom Dimitroff, combined an overpowering ground game with a few passes to smooth Cincinnati in the last half.

Seven of the eight members of Michigan's football coaching staff attended the university.

## Moore, Patterson To Take Physicals

CHICAGO (AP)—Light heavyweight king Archie Moore, looking trim and ready, and lithe Floyd Patterson were to appear before the Illinois Athletic Commission today for the formality of a pre-fight medical exam.

Moore and the 21-year-old Patterson meet next Friday night in Chicago Stadium for the heavyweight title vacated seven months ago when Rocky Marciano retired.

Patterson planned to rest today after the examination. He boxed four rounds Thursday before sitting down to a turkey dinner.

Moore also boxed four rounds, making a total of 50 since he set up his training camp here.

## Fur, Fin and Campfire

By JACK SORDS

WHEN STALKING A DEER, DON'T MOVE AN INCH WHEN THE ANIMAL LOOKS IN YOUR DIRECTION NO MATTER IN WHAT POSITION YOU MIGHT BE CAUGHT. WAIT UNTIL HE STARTS FEEDING OR LOOKS THE OTHER WAY. A DEER IS WILLING TO STAND A LONG TIME WATCHING SOMETHING IT IS NOT SURE OF.

A GOOD SHOOTING POSITION ON A STAND.

SIT DOWN AND DIG IN THE HEELS FOR A COMFORTABLE ELBOWS-ON-KNEES POSITION. A TREE OR STUMP AT YOUR BACK HELPS.

THE SKILLFUL STALKER MUST OFTEN CRAWL ON HIS HANDS AND KNEES OR EVEN INCH ALONG ON HIS STOMACH TO GAIN HIS POSITION.

## Mom, Dad, Son Shine in 'Walks'

CINCINNATI (AP)—A Columbus family of three Thursday shared honors in the 46th annual Elks Thanksgiving Day Running and Walking Races.

Jack Blackburn, unattached runner, won the cross country run. His father, John J. Blackburn, placed fifth in the walking race, in which his mother, Mrs. Corrin Blackburn, finished seventh.

Wayne Warcho of Dayton won the walking race, and Ohio Wesleyan took first place in the team event among the runners.

The races were conducted over a six-mile course.

## 6 Ohioans Placed On Michigan '11'

ANN ARBOR, Mich. (AP)—Michigan will have a definite Ohio flavor when it meets Ohio State on the football field Saturday.

Six Wolverines expected to be on the 38-man traveling squad are residents of the Buckeye State.

They are tackle John Orwig of Toledo, center Mike Rotundo of Canton, fullback John Herrnstein of Chillicothe, end Gary Prahs of Berea, left halfback Bob Ptacek of Cleveland and quarterback John Spidel of Greenville.

## Miami Footballers Thump Cincinnati

CINCINNATI (AP)—Miami University of Ohio Thursday rolled to its third straight Thanksgiving Day victory over the University of Cincinnati, 27-13.

Bundled against icy winds and snow flurries, a crowd of 17,000 saw a tightly played first half end with the slightly favored UC Bearcats leading 7-6.

But Miami's Redskins, led by Dean Porter and Tom Dimitroff, combined an overpowering ground game with a few passes to smother Cincinnati in the last half.

FORD TRUCKS COST LESS

Most loadspace for your money! New Ford 8-ft. pickup box on 118-in. wheelbase gives up to 19 cu. ft. more capacity than any other 1/2-tonner! Regular 6 1/2-ft. box on 110-in. wheelbase offers full 45-cu. ft. capacity. Only Ford pickups offer the economy of Ford-pioneered Short Stroke design in your choice of Six or V-8 engine!

...less to own...less to run...last longer, too!

You save in every way with Ford trucks. First cost is low, operating costs are low, resale value is high, and a 10-million truck study proves Ford trucks last longer!

And you get more for your money with a Ford. For example, only Ford gives you modern Short Stroke power in every truck, every engine—V-8 or

Six. And no one else can match Ford's five billion miles of Short Stroke engine experience. You get more comfort with a Drivertized Cab, more safety with Ford's Lifeguard steering wheel and double-grip door latch.

From pickups to BIG JOBS, for trucks that cost less, give you more for your money—see your Ford Dealer!

The big fleets buy more Ford trucks than any other make

DAILY CRYPTOQUOTE - Here's how to work it: AXYDLBAAXR is LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

**8 ROKS Arrested**

SEOUL (AP)—The South Korean government has arrested eight more men, including two generals, in an intensified new investigation of the street slaying last Jan. 30 of the country's counter-intelligence chief.

In the ten years following World War II the children under 18 in the United States reached a record total of 55 2-3 million.

KA-REEMY, ROYSIE! YOU'RE REALLY WITH IT TONIGHT!

ANOTHER PLEASE!

MORE!

AS ROY CODY FINISHES HIS NUMBER, THE FEMALE MEMBERS OF THE AUDIENCE BREAK INTO EXCITED APPLAUSE....

I'M AFRAID THAT'S ALL FOR THE VOICE, FANS! BESIDES WHICH, I DON'T EVEN WORK HERE! THANKS A MILLION FOR LIKING ME!

KID-THIS IS MACK GUSTON. HE OWNS THE PLACE AND HE WANTS TO TALK TO YOU!

STEP INTO MY OFFICE, BOUNTY. WE GOT BUSINESS. YOU AND ME BACK TO THE BANDSTAND, HARRY!

Secret Agent X9

Phil carefully removes the tape from the dog's collar.

CAN'T READ THE HERCULES OR THE EQUATIONS, BUT I'LL BET MY CANDY ALLOWANCE THAT THEY'RE DOCTOR HOLMES' COBALT-BOMB NOTES!

TANNY, A SCIENTIST'S BEST FRIEND WAS HIS DOG! YOU'LL MAKE THE NEWSPAPER COLLEGE COLUMNS, BUT RIGHT NOW WE'VE GOT TO FOLD OUR DOGHOUSE AND STEAL SILENTLY AWAY INTO THE NIGHT....

IF WE CAN!

Outside

DID YOU DISABE HIS CAR?

THE CARBURATOR MAY HAVE ENOUGH FUEL TO REACH THE HIGHWAY, BUT THAT'S ALL!

Donald Duck

THE MAN WE WANT MUST HAVE CHARM AND POISE... A SLAVE PERSONALITY!

HE MUST BE CALM AND ABOVE MAKING FOOLISH BLUNDERS!

YOU DESCRIBE ME MOST ACCURATELY, SIR!

CHARMED! TASTY OLD CHAP!

CRASH!

THE MAN WE WANT MUST HAVE CHARM AND POISE... A SLAVE PERSONALITY!

Brick Bradford

BRICK LANDS THE TWE-TOP AND STARTS HIS SEARCH FOR PAM AND KRIS!

PAM! KRIS!

WHERE COULD THEY HAVE GONE? THE ROBOT WAS NEAR THAT MOUNTAIN WALL!

THE SCRAPE ALONG THE MOUNTAIN WALL COULD HAVE BEEN MADE BY THE ROBOT... THEY'RE TRAPPED UNDER ALL THAT ROCK!

Blondie

WELL, YOU MAY NOT BE BEAUTIFUL BUT YOU'RE CLEAN

Barney Google and Snuffy Smith

DON'T STOP HERE!! KEEP HEADIN' FER FLORIDY, YE INFUNNEL SNOWBIRD!

OKAY, SNUFFY-- IT'S YOUR PROPERTY-- I'LL GET OFF--

IF YE FEEL SORRY FOR WHAT YE DONE, PAW-- CALL HIM BACK

I'M JEST SORRY I AIN'T GOIN' WIF HIM!!

Little Annie Rooney

KEEP ALERT FOR A VERY IMPORTANT PHONE CALL THIS MORNING HARVEY, I'M EXPECTING A REPORT ON MRS. MEANY.

STUFF I'VE GOT TO KNOW BEFORE I CAN PROCEED WITH PLANS FOR LITTLE ANNIE'S FUTURE.

PLANS, MR. FLING? MAY I ASK WHAT THEY ARE?

YOU MAY ASK BUT YOU WON'T GET AN ANSWER, I NEVER TIP MY HAND IN ADVANCE, I--AH, GOOD MORNING ANNIE!

HUH--FAT LOT I CARE WHAT HIS PLANS ARE, SO LONG AS IT GETS THE KID OUT OF HERE!

AT THE AIRPORT-- LOLA LA MARNE WIDOW DE LUXE.

WHAT A GASTLY HOUR TO ARRIVE-- MUCH TOO EARLY TO CALL DEAR J.K. AND TELL HIM I'M HOME, ANYWAY, IT MIGHT LOOK TOO EAGER, I'VE ONLY GOT HIM HALF-HOOKED AND MUSTN'T SCARE HIM OFF.

Etta Kett

IF THAT CUBE CALLS ME FOR A DATE AGAIN I'LL FOAM!

WHO WAS IT DEAR?

OH THAT CREEPY BACHELOR IN OUR CLASS! HE'S TAKING A REFRESHER COURSE!

BUT WHY DOESN'T HE GO OUT WITH TH GIRLS MORE HIS OWN AGE?

HE CAN'T SEE THEM

-LIKES THEM YOUNGER--SAYS HE HAS 20-20 VISION

Muggs McGinnis

WHAT WAS THAT NOISE IN HERE?

I WAS FIXING GRANDMA'S SCALE!

FIXING IT?!! THERE WASN'T ANYTHING UNDER THE MATTER WITH IT.

I KNOW! BUT I WAS GETTING A LITTLE TRED OF THAT DIT GRANDMA WAS US ALL DAY.

...SOME FIXED THE SCALE SO IT'LL REGISTER FIVE POUNDS UNDERWEIGHT!

**DAILY CRYPTOQUOTE — Here's how to work it:**  
AXYDLBAAXR  
is LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

## CIO Council Raps Utility Grab Proposal

Lausche's Idea Said No Way To End Long Telephone Walkout

COLUMBUS, Ohio (AP)—The Ohio CIO Council today struck out at Gov. Frank J. Lausche's proposal for a new law to permit the state to seize and operate utility firms hit or threatened with strikes.

The labor group declared in a prepared statement:

"State seizure of the Ohio Consolidated Telephone Co. at Portsmouth will not solve the existing labor dispute, but will only prolong it."

A 132-day strike of the Communications Workers of America has resulted in a 39-day telephone blackout in Portsmouth and surrounding Scioto County. It is because of this that Lausche has called a special session of the Legislature for Monday to consider his proposed utility seizure law.

The strike also affects—but with less dramatic results—parts of 23 other counties in southern and southeastern Ohio.

The CIO council, in its first public statement on the forthcoming special session, declared state seizure and operation of a struck public utility would "produce stalemates rather than solutions."

The answer to the strike deadlock, said the council, lies not in the proposed law, but in "the willingness of the company to recognize its obligations for honest negotiations with the elected representatives of its workers."

Leaders of both parties in the Legislature have either publicly or privately expressed doubt the lawmakers will be willing, in short special session, to give serious consideration to a utility seizure law.

To this view, the CIO council's statement added: "We trust the members and leaders of the Legislature recognize the serious shortcomings of such a proposal."

The council quoted the state industrial commission as reporting, after an investigation: "... The company alone is responsible for the continuance of this controversy."

The labor group declared the communications workers "have demonstrated sincere willingness to negotiate a settlement" and cited these points:

"1. The union has offered to submit the contract differences to arbitration with the arbitrator to be named by Gov. Lausche. The company has refused this offer."

"2. The union has offered to return to work under terms of the present contract while negotiations continue to settle the new contract. The company has refused this offer."

"3. The union has offered to man the company's facilities to provide emergency phone service for the Portsmouth area. The company has refused this offer."

Wednesday afternoon, after a long conference at the governor's mansion, Ohio Consolidated agreed to present in writing on or before Nov. 30 a "final" offer for settling the strike which began July 15.

The union already has agreed

## Brief Illness Fatal to Child

Friends may call at the residence any time Friday.

## U. S. Enjoys Thanksgiving Celebrations

(By The Associated Press)

Americans brushed aside national and international problems Thursday to celebrate Thanksgiving with feasting, prayers and special entertainment.

American servicemen and citizens abroad observed the day and had turkey dinners. Some hotels in England and France had turkey on their menus.

Across the nation there were football games, parades, and prayers in churches for peace.

In thousands of communities the needy were remembered and sat down to a good meal. Individuals as well as charitable organizations provided traditional fare.

In Plymouth, Mass., where the first Thanksgiving was observed by the colonists, 50 residents wore Pilgrim attire to church services.

The Hungarian refugees who arrived Wednesday at Camp Kilmer, N. J., were treated to their first Thanksgiving dinner. Some were guests in American homes and others ate their "turkey and fixin's" at the camp mess. All the refugees were told through interpreters of the meaning of Thanksgiving.

Colorful parades sponsored by department stores attracted hundreds of thousands of spectators in New York, Philadelphia, Baltimore, Detroit and elsewhere.

## Air Force Academy Nominations Hiked

DENVER (AP)—New members of Congress may nominate 10 candidates each to compete for appointments to the third class of the U. S. Air Force Academy, Maj. Gen. James E. Briggs, superintendent, reports.

The nominations will be in addition to those made by lawmakers already in office, including some leaving Washington next January. They have until Jan. 31 to forward selections to the Air Force.

to submit any full-scale company offer to a secret vote of its membership.

Some 16 issues reportedly still stand between company and union agreement. Chief among them are the union shop and job classification.

## Youth's Wife Likes Presley; Fight Staged

TOLEDO (AP)—Police said a 19-year-old youth, jealous because his wife carries a picture of Elvis Presley in her wallet, started a fight with the entertainer in a push bar early today.

Nobody was hurt. Police said until they broke it up Presley was getting the best of the battle.

They jailed Lewis Ballint of Toledo on a charge of disturbing the peace. He was held under \$25 bond pending a municipal court appearance today.

Presley, rock 'n' roll idol of the teen-agers now on a personal appearance tour, was not detained. Officers said statements Ballint made or the way to jail confirmed Presley's version.

"This guy walks up to me," said Presley, "and says you're a —, my wife carries a picture of you in her wallet, but doesn't carry one of me. Let's see, outside."

The entertainer said Ballint lunged at him and the fight started. Presley had been sitting at a table with his manager and a group of musicians. They had given two programs here.

Patrolmen said when they got the Ballint was throwing a musician, Scotty Moore, over a railing that surrounds a terrace to the floor about four feet below. Presley was pounding Ballint.

## Conservatives Backing Up Eden's Stand

LONDON (AP)—The Conservative party, closed ranks Thursday night behind Sir Anthony Eden, disavowing any immediate prospect that the ailing prime minister might give up the reins of the British government.

Dissatisfied Conservatives in Parliament appeared to have abandoned—for the time being, at least—any thought of a serious revolt against Eden's handling of the Suez Canal crisis.

It was conceded generally that nothing short of such a revolt, or a really crippling illness, could force Eden to throw in his hand.

The apparent restoration of party unity was achieved on the eve of Eden's departure tonight for a rest in Jamaica. It came at a meeting of the "1922 Committee," an organization of all Conservative members of the House of Commons who hold no office in the government.

Reports leaking out of the conference agreed that R. A. Butler, Eden's deputy and political heir apparent, and Chancellor of the Exchequer Harold Macmillan, another possible future prime minister, had succeeded in rallying the party behind the government.

The nominations will be in addition to those made by lawmakers already in office, including some leaving Washington next January. They have until Jan. 31 to forward selections to the Air Force.

## 40 Families on High Hill May Lose Their Only Road

MAHWAH, N. J. (AP)—Forty families on a mountain top today face losing their only road to the outside world.

The families live on stag hill here in a development called Spring Lake Heights.

The only way they can get up to the hilltop is by a steep, winding road which starts out in the neighboring hill community of Hillburn, N. Y.

The Hillburn Village Board says the road is dangerous because it has a 23 per cent rise. Further, Hillburn Mayor Charles Banker said trucks may sink into the banks and damage the town's water main.

So, the board introduced a resolution to ban all traffic on the road. The law goes into effect if approved on second reading next Thursday.

At first the Village Board tried to block the heavy buses which transported the 40 grade school children down the hill into hillburn and back here.

It passed an ordinance which blocked all vehicles over five tons on one road.

But the residents got around that — they got the Mahwah School Board, under state law, to transport the children in taxis. The cost: \$66 per day.

If the proposed law goes into effect, residents will have to walk at least a third of a mile to get to their mountaintop retreats.

How they'll get fuel oil or coal up there was the greatest problem.

The dispute, according to the Hillburn mayor, stems from fear that Hillburn would be sued for any accidents involving Mahwah vehicles on the Hill Road in Hillburn.

Banker said the mountain dwellers had two recourses:

1. Open another abandoned road which is exclusively in Mahwah, or

2. Post a \$300,000 bond to cover liability for any accidents.

Mahwah Engineer Frank E. Harley said it would cost \$300,000 to open the other road. Julius Mills, spokesman for the families, said the cost would be much less.

The Hillburn mayor said about the bond, "We asked them to post \$300,000 but they have refused."

Mahwah Atty. John Warhol has asked State Atty. Gen. Grover C. Richmond for help in fighting Hillburn's plan.

## City Court Has Lonely Morning

Friday morning's session of the Municipal Court here was one of the briefest in many a day.

There was only one case on the docket when Acting Judge Edmond S. Woodmansee took the bench—and the defendant, Elton H. Vincent, 19, Philadelphia, did not even show up to answer to a charge of failure to stop his car within the assured safe distance.

Vincent's \$20 bond was declared forfeited by Judge Woodmansee and court was adjourned.

## New Martinsburg PTO Plans Holiday Events

Committees for the Christmas program by the pupils Dec. 19 and the Christmas dinner for the pupils Dec. 21 were named this week at a meeting of the New Martinsburg Parent-Teacher Organization.

On the committee to serve refreshments after the Christmas program are Mr. and Mrs. Floyd Hoppes, Mr. and Mrs. Thomas Hicks and Mr. and Mrs. Clifford Wilson.

On the committee to serve the dinner at the school Dec. 21 are Mrs. Frank McCoppin, Mrs. Fuller Merritt, Mrs. Millard Watson and Mrs. George Smith.

Reports of the secretary and treasurer were given at the start of the meeting, and the PTO voted to contribute \$5 to the Community Chest.

PRIZES for the PTO membership campaign were awarded to Freddie McCoppin and Ray Hoppes.

The group also decided to purchase games and Christmas tree decorations.

Following the business meeting, Mr. and Mrs. Nathaniel Tway presented the following programs.

Accordian solo by Lonnie Ellis; recitation of the poem, "Pilgrims Landing," by Kathy Hicks; song with accordian accompaniment, "Invisible Hands," by the Rev. Thomas Shirk; reading of the Thanksgiving proclamation by Philip McCoppin; reading of poem, "Thanksgiving Day," by Carolyn Smith; accordian solo by Ray Hoppes and "The Story of the First New England Thanksgiving" by Judy Thompson.

After John Alley showed slides made on his trip to Florida, the Rev. Mr. Shirk closed the program with the singing of "Somewhere, Somewhere."

## Seek Donors for Dec. 3 Bloodmobile Visit Here

The need for blood is greater than ever, and a drive is now in progress to recruit donors for the December Bloodmobile visit to Fayette County.

The bloodmobile will be at the First Christian Church here on Monday, Dec. 3, between the hours of 10 a. m. and 4 p. m.

Since last February a total of 1,085 pints of blood have been administered to people in Fayette County. During the same period, only 845 pints were collected, a difference of 240 pints.

The present drive is being sponsored by the Fayette County Professional Nurses Assn. in cooperation with the Red Cross, Mrs. Charles Shaper, chairman of the Community Blood Bank and a member of the Nurses Assn., points out that some patients at Memorial Hospital require a minimum of one pint a week, while others have required as many as 56 pints during the course of an illness.

THE SPONSORS of the drive emphasize the importance of blood in treating many diseases, and the necessity of having blood available when it is needed.

The administration charge for donated blood is \$7.50 per pint. To

"buy" a pint of blood would cost \$25. to \$35.

People between the ages of 18 and 60 may donate as long as they are in good health. Donors may phone 23681 before Dec. 3 for further details and to make an appointment for a donation.

It is also pointed out that many persons who have been turned down as donors in the past may now be eligible. New discoveries now enable technicians to process blood from donors who have had such diseases as malaria or yellow jaundice.

National membership in Parent Teachers Assn., is more than 10 million.

## Seek Donors for Dec. 3 Bloodmobile Visit Here

The need for blood is greater than ever, and a drive is now in progress to recruit donors for the December Bloodmobile visit to Fayette County.

The bloodmobile will be at the First Christian Church here on Monday, Dec. 3, between the hours of 10 a. m. and 4 p. m.

Since last February a total of 1,085 pints of blood have been administered to people in Fayette County. During the same period, only 845 pints were collected, a difference of 240 pints.

The present drive is being sponsored by the Fayette County Professional Nurses Assn. in cooperation with the Red Cross. Mrs. Charles Shaper, chairman of the Community Blood Bank and a member of the Nurses Assn., points out that some patients at Memorial Hospital require a minimum of one pint a week, while others have required as many as 56 pints during the course of an illness.

THE SPONSORS of the drive emphasize the importance of blood in treating many diseases, and the necessity of having blood available when it is needed.

The administration charge for donated blood is \$7.50 per pint. To
